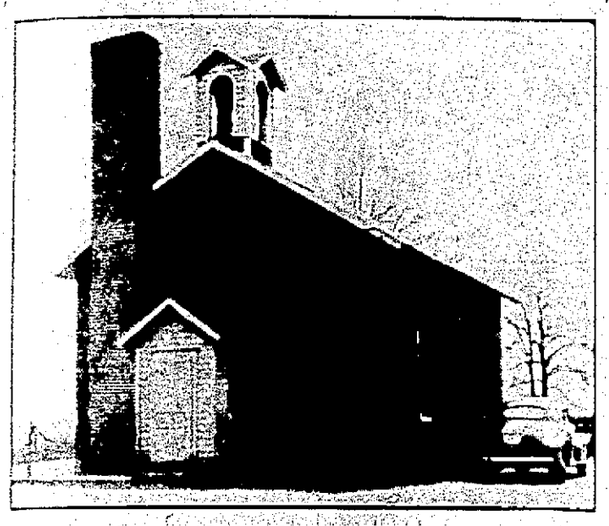
Farewell Planned at Clark School, To Be Closed by Ordnance Plant



ABOVE IS A PHOTOGRAPH OF THE CLARK SCHOOL

Community Gathering Friday Will Mark Farewell for One of Last Six One-Room Schools in County.

By HALLIE HOUCK

Friday night at the Clark school there will be a community gathering at which former teachers and pupils and friends in the area will gather with the present pupils, their families and teacher to say good-bye to one of the last six one-room schools in Marion county.

The red brick building is on ground the government has taken over for the Scioto Ordnance Plant. It is about a mile west of Likens Chapel Methodist church where farewell services were held last Sunday.

After May 9 the school will no longer exist as a school.

Officials have said the building probably will not be razed, that it can be used in connection with preliminary work at the plant site.

Memories of school days, happiest, most carefree years of life, will crowd the thoughts of the men and women who gather for the community farewell. A program at 8 will be followed by a potluck supper.

10 Families Represented

Ten families and 22 children are affected by the closing of the school.

Five of the families will move to other communities and five will send their children to other schools in the vicinity of their homes.

The families, with the grades in which the children are enrolled, are as follows:

Mr. and Mrs. Carl Flinchbaugh, Guyla, first, Ralph, fourth, Richard sixth, Virginia, eighth.

Mr. and Mrs. John Hindman, Robert, sixth, Vera and Harlow, seventh.

Mr. and Mrs. Ray Harvey, Edwin, eighth.

Mr. and Mrs. Durward Baker, Ralph, third, Durward, eighth.

Mr. and Mrs. O. C. Young, Gene, fifth.

Mr. and Mrs. Dale Weston, Helen first, Pauline, second, Jack, fourth.

Mr. and Mrs. Richard Zender, Marlene, second, Eugene third, Evelyn, fourth.

Forest Fout, Martin, first, Virginia, fifth.

Mr. and Mrs. Donald McWherter, Earl, first.

Mr. and Mrs. Stanley Sharp, Nellie and Evrell, both first.

The Flinchbaugh, Hindman, Harvey, Young and McWherter families have to move from their farms to make way for the ordnance plant.

The Flinchbaughs and McWherters are moving to Marion, the Youngs are going into Union county near Richwood, the Harveys are moving to near Cardington and the Hindmans have not yet fully decided where they will locate.

Next year the Baker and Sharp children will go to the Reber school, the Fout children will enroll at the Linn school and the Zender and Weston children will come in to Marion to school.

U. S. RUBBER CO. TO OPEN MARION OFFICE

Resident Engineer To Be Located in Citizens Bldg.

The United States Rubber Co., which is expected to receive a government contract soon to operate the Scioto Ordnance Plant for the war department, today made plans to open an office in the Citizens building at West Center and Prospect streets.

The company's activities here for the present are in charge of J. A. Livermore, resident engineer for the company, who will be in close touch with progress on construction of the plant.

Later, when plant operations are begun, Ernest G. Brown, whom the company has assigned here as general manager, will take charge.

One of the first matters Mr. Livermore is expected to give attention to is the selection of guards and providing fire protection for the plant.

NEW COUNTY FAIR DATES ACCEPTED

Annual Event Now Scheduled for Sept. 1-4.

Acceptance of new dates of Sept. 1-4 for the Marion county fair were announced today by Frank M. Foster of the board.

The fair was originally scheduled for the week of Aug. 25-28, but when the Ohio State fair was ordered closed for the duration the fair board applied for the state fair dates.

The change assures a larger and bigger fair.

Mr. Foster added that the horse show and racing program are expected to attract better stock than ever before in the history of the fair.

The horse show, first event of its kind in Marion county, will be staged Sept. 1-2, first two nights of the fair. On Sept. 3 a circus act will be presented and on Sept. 4, the last night of the exposition, the Renfrew Valley Barn dance program will be given.

All shows were previously contracted for the original dates, but fair board officials were able to move the dates ahead.

The racing program to be presented three afternoons during the fair will be headed by the $1,000 Chamber of Commerce pacing derby and the $1,000 three-year-old trot. Six other stakes of $600 each have been scheduled and other stakes will be announced later.

CORREGIDOR'S GUNS SMASH JAP POSITIONS

Enemy Losses Reported High as Cannon Fire on Bataan Troop Concentrations.

By The Associated Press

The war department in Washington reported today that Corregidor's guns scored hits on troop concentrations and truck columns on the Philippines' Bataan peninsula, and that enemy ammunition dumps were hit and blown up.

Japanese casualties were believed to have been numerous, a communique said.

Fierce fighting continued on the island of Cebu, more than 300 miles to the south, where the Japanese last week landed an invasion force estimated at 12,000, which was supported by dive bombers and tanks.

Corregidor was raided five times yesterday, the communique said, but the defenders' anti-aircraft artillery forced the Japanese planes as on most other occasions to fly so high bombing was ineffective.

Troop Morale High

Lieutenant General Jonathan M. Wainwright, the Philippine commander, reported that in the week since April 9 the fortress island had been raided 65 times, but the war department said that "despite the most constant bombing, the damage to military installations has been relatively slight, and the morale of the troops is unimpaired."

The fortress island also was shelled intermittently yesterday by enemy batteries on the north and south shores of Manila bay.

Since the Japanese invasion started, Corregidor has had 206 air raid alarms, the communique said.

Raids were actually more numerous, since on some occasions when an alarm continued for a half day four or five separate attacks took place.

Meanwhile, a Tokyo broadcast asserted that Japanese warplanes which attacked Corregidor island fortress, in Manila bay, encountered "markedly feeble" resistance from guns of the bomb-battered citadel.

Significantly, the broadcast said the attack was carried out in "a driving squall."

Counting on Rains

In this connection, Gen. Wainwright's defenders on Corregidor expect the approaching rainy season to hamper Japanese bombing attacks, although it may screen attempted sea-borne landing operations.

On the Burma war front, British headquarters reported that fierce all-day fighting raged in the key sectors and acknowledged that out-numbered, battle-worn British troops again had fallen back to a line south of Minhla, 15 miles below the Minbu gateway to central Burma's rich oil fields.

It seemed clear now that Japan was striking hard for a quick knockout of British-Chinese defenders of Burma.

A Chinese military spokesman said the Japanese were pouring five and a half fresh divisions—perhaps 80,000 troops—into the campaign and that two new divisions were already landing at Rangoon, where RAF fliers had sighted 40 transports.

The spokesman said the position of Chinese forces battling desperately against the Japanese below Mandalay had been made still more difficult by the British retreat on the Irrawaddy river sector to the west, dangerously exposing the Chinese right flank.

A Chinese communique said the new Japanese drive into Burma from Thailand had now assumed the proportions of a major offensive, with the invaders apparently seeking to cut the Mandalay-Lashio railroad 200 miles north of the main Chinese forces commanded by Lieut.-Gen. Joseph W. Stilwell, U.S.A.

Thief "Borrows" Auto Few Times, Then Keeps It

A car which mysteriously disappears every Wednesday night and as mysteriously returns was reported at police headquarters today.

However, the auto was not returned this morning after being taken last night.

Mrs. Minnie Hunt of 160 North State street reported about 11 p. m. yesterday to police that a 1928 sedan belonging to her had been missing since 9 p. m. She said the auto was taken every Wednesday night without her consent and was later returned to where she had previously parked it on North State street, north of the railroad.

But the sedan was not returned this morning.

Police Chief Marks voiced the belief that some minor was taking the car for rides and later returning it.

HOSPITAL AID HOPES RAISED

Two Grants Made at Canton Where Situation Is Similar to Marion's.

Marion's hopes for federal funds in its City hospital expansion program seemed brighter today after federal works agency officials in Chicago announced presidential approval for two Canton, O., war public works hospital projects.

One was a federal grant of $155,000 to assist in financing a $257,000 addition to Aultman Hospital. It would be of standard masonry construction and would contain 60 beds.

The other was a $155,000 grant toward at $297,000 addition to Mercy hospital to provide 60 more beds.

The fact that the Canton projects were approved as "war public works projects" indicated they are to provide hospital facilities for war plant workers. Canton has expanded rapidly through war manufacturing activities, similar to the expansion in prospect in Marion.

Similar to Marion

These two projects and others recently given federal approval are almost parallel to the Marion City hospital project.

Thomas D. McLaughlin & Associates of Lima, architects for the Marion hospital program, are already taking preliminary steps to seek a federal grant for the hospital project here. The fact that Marion's population is growing rapidly and will continue to grow under the impetus of the Scioto Ordnance Plant is a point that is expected to give the project a good chance for federal approval.

Delaware Youth Killed by Gun As He Rides Bicycle

Special to The Star

DELAWARE, April 16—A 16-year-old Delaware youth, James Richard Whetsel, fatally shot himself last night when a 22-caliber target pistol discharged while he was riding his bicycle.

Police said Whetsel had taken a girl friend home from a picture show and apparently had the gun in his hand as he gripped the handlebars. When his body was found the holster in which he usually carried the gun was buttoned, police said.

The bullet entered the right temple. He died on the way to Jane M. Case hospital.

Coroner E. V. Arnold returned a verdict of accidental death.

The accident is the second unusual fatality here this year.

Two months ago Whetsel's best friend, William Robinson, 17, fatally shot himself while twirling the cylinder of a pistol which was pointed at his own head.

Surviving Whetsel are his parents, Mr. and Mrs. Parks W. Whetsel, a sister, Mrs. Eva McCormick of Urbana, and three brothers, Robert, who is in the army at Fort Crook, Alaska, and William and Barney of Delaware.

Plane's Nocturnal Flight Awakens Marionites

An unidentified plane, presumably an army bomber or a pursuit ship, circled the downtown district three times and headed south about 11:30 last night.

The plane flew at a low altitude over the city awakening many residents and causing considerable excitement throughout the downtown area.

An East Side resident reported that the navigation lights mounted on the ship's wingtips were far apart, giving basis to the belief that it was a bomber.

U. S. PILOTS USE HIDDEN BASE IN JAP SMASH

Royce Discloses Method of Attack on Enemy in Philippine Islands.

By C. YATES McDANIEL
AP War Correspondent

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 16—Brig. Gen. Ralph Royce, volunteer leader of the bomber squadron which delivered the United States' first long distance smash in the Philippines, disclosed today that the raiders used a base hidden in the islands, protected by fighter planes, and provisioned it for future use.

Twelve planes of the 13 which for two days wrought destruction and dismay among the enemy at the start of the week ferried 44 passengers on their return trip to Australia—19 crewmen from a Fortress bomber lost on the foray and 34 army men and civilians from Bataan, Corregidor and other island points.

Most of the evacuees were airmen, indicating that while, the Americans still have fighting planes in the islands, as Royce said, they have a surfeit of men to fly them.

Morale Is Excellent

Royce said that the morale of the men left behind was excellent, especially now that they have plenty of food. The American fighter planes cooperated with the Australia-based bombers, shooting down two Japanese planes that tried to attack the bomber squadron.

The hidden field served the 10 medium and three fortress bombers as a forward base on their 4,000-mile roundtrip attack. The Fortress craft lost on the flight was grounded there, having an engine changed, when a Japanese bomb hit destroyed it in flames.

The advance base may figure prominently in future attacks, for the assaults of last Sunday and Monday were acclaimed here as only a sample of heavier blows still to be delivered in an effort to turn the tide of battle in the southwest Pacific.

The Sunday and Monday operations in the Philippines cost the raiding force no casualties and no damage, except for loss of the B-17 fortress craft and many a hole in one of its two mates and one of the ten B-25 medium bombers.

"One man, not a member of our party, was killed in action connected with our flight," Royce said. "A fellow named Burns jumped in a fighter when he heard the Japanese and started to take off. He got off the runway but the plane burned up. It was a take-off accident only. The Japanese had nothing to do with it."

So extraordinary was the conduct of the bomber force that the MacArthur command hadn't enough medals to go round.

Medals Pinned On

In the semi-gloom of a huge hangar here, Major General Rush Lincoln, commanding American airmen under Lieut. Gen. George H. Brett, the allied air commander for the southwest Pacific, conferred distinguished service crosses on Royce, Lieut. Col. John Hubert Davies of Piedmont, Calif., and Captain Frank P. Bostrom, a native of Maine.

Lincoln first pinned a distinguished flying cross on Royce's shirt and a few seconds later, discovering his mistake, took it back and conferred the DSC. Royce's cap was at a jaunty angle and he was smiling.

While the honors were bestowed on Davies and Bostrom at the same ceremony, they will not actually receive their medals until a new supply arrives.

The weight of the attacks was indicated by the disclosure that 110 tons of bombs were dumped on Japan's soldiers, ships, planes

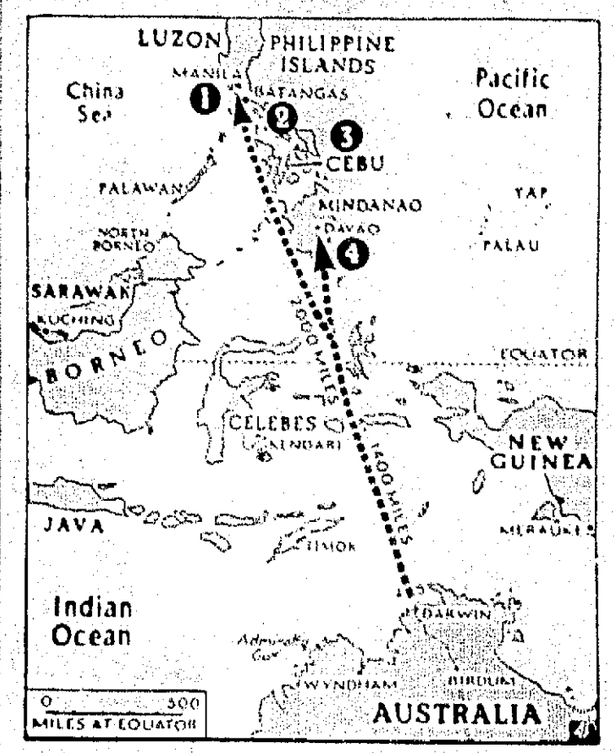
Where U. S. Fliers Smashed Jap Bases



BRIG. GEN. RALPH ROYCE
He Led Attack

Gen. Royce Calls Dash of Airmen "Like a Picnic"

By The Associated Press

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 16—Consternation as well as as made-in-the-U. S. A. bombs hit the Japanese when the aerial task force of Brigadier General Ralph Royce smashed at the Philippines, its leader related today.

"The raids obviously threw the Japanese into a terrific panic," Royce said. "You can imagine their bewilderment when, suddenly out of the sky, appeared a big bunch of bombers which left loose everything on them.

"They didn't know where the bombers came from and the radio used up all the ether for the whole of Sunday trying to find out where we were coming from and means for stopping us."

Seated serenely in a hotel as though he just had returned from a week-end pleasure junket, Royce told the story of the thrilling exploit and said the whole plan for it was drawn up by General Douglas MacArthur and his staff.

Royce called the raid "a field day for two days . . . something in the nature of a picnic."

He said he sent the heavy bombers toward Manila on Sunday. They got one transport near Batangas, he said, while another bombed Nichols field with a slice of explosives which it had carried on an unsuccessful hunt for enemy cruisers and destroyers near Corregidor.

The same morning, General Royce said he sent medium bombers—he had 19 twin-engined B-17's — to the island of Cebu to bomb transports and escort vessels. In the afternoon, half returned to Cebu and the remainder went to the island of Davao.

Again the next morning he said, transports off Cebu and Davao and installations ashore were bombed successfully.

The only bomber lost, Royce said, was one which was grounded for an engine change. It was bombed by the only direct hit by the enemy during the foray.

"It was on the second day that we experienced opposition," he went on.

"Then there was plenty of anti-aircraft fire.

"The raids were carried out at heights of 5,000 down to 2,000 feet.

Royce said he did not take part in the attacks themselves, preferring personal reports from them by courier. [illegible] left nothing

Thirteen American bombers smashed at Japanese bases and shipping at Manila (1), Batangas (2), Cebu (3), and Davao (4) in a flight from Australia to the Philippines (broken lines), it was announced. It was a 4,000-mile trip for the U. S. planes.

CRESTLINE CLOTHIER KILLED IN ACCIDENT

J. M. Rosenbaum Fatally Hurt When Hit by Auto.

Special to The Star

CRESTLINE, April 16—J. M. Rosenbaum, 55, Crestline clothier, died today at 2 a. m. in Mansfield General hospital of injuries suffered two hours earlier when he was struck by an automobile on the outskirts of Mansfield.

He and Mrs. Rosenbaum were returning to Crestline when their car ran out of gas. Mr. Rosenbaum got out to flag down a motorist to get a ride back into Mansfield. One car passed him and as he started to walk back to his own car he stepped into the path of another automobile, according to a news report from Mansfield.

Mr. Rosenbaum, a native of Russia, came to this country in 1923 and about 18 years ago he and his wife came to Crestline and opened a men's clothing store.

He was a member of the B'nai Jacob organization in Mansfield.

Surviving are the widow, Mrs. Bertha Rosenbaum, a son, Samuel, who is in the army medical corps, and a daughter, Miss Lillian Rosenbaum of Lansing, Mich.

Rabbi David Rub will conduct the funeral service Friday at 3 p. m. in the Finefrock funeral home at Mansfield. Burial will be made in the B'nai Jacob cemetery at Ontario, O.

PRESS FREEDOM PUT TO TEST, PRICE SAYS

Censorship Director Calls on Editors To Back Plan.

By The Associated Press

NEW YORK, April 16—Asserting that freedom of the press was on trial through wartime voluntary censorship, Director of Censorship Byron Price told the nation's newspaper editors today that it would be an unhappy day for "all of us" if it was found that the President's confidence in them had been misplaced.

"I personally do not believe such a day will come. Whether it does is up to you," the former executive news editor of The Associated Press on leave for the wartime post said at the twentieth annual meeting of the American Society of Newspaper Editors at the Waldorf-Astoria hotel.

Price said the results of the experiment to make voluntary censorship work would not be determined in the office of censorship, but by the publishers and editors who control the policies of individual publications.

"We are engaged in a desperate war—a war not only for existence but for that better existence for which we have yearned during long years of doubt and apprehension," he declared. "No industry and no individual can expect to escape the tribulations and the sacrifices of such a war. I have faith that you as editors, and the newspapers you repre-

RIFT BETWEEN U. S. AND VICHY GROWS WIDER

All Americans Urged To Leave Unoccupied Areas of France.

By The Associated Press

Pierre Laval, re-entering his second conference of the day with Marshal Petain at the official residence of the chief of state, Pavillion Sevigne, in Vichy, declared today that a new cabinet for the Vichy government had been chosen, except for two names.

Laval, in political resurgence, came back today from Paris and his first conference with the old marshal lasted nearly an hour.

Meanwhile the Washington-Vichy crisis mounted sharply amid general expectations that France would proclaim her solidarity with Germany and that Adolf Hitler might soon get his hands on the French fleet.

U. S. consular officials urged all Americans to leave unoccupied France as soon as possible.

A silent crowd of 2,000 Frenchmen watched as Laval's big black limousine drew up before the government hotel in Vichy.

Vichy's ambassador, Gaston Henry Haye in Washington had an appointment to meet acting Secretary of State Sumner Welles today, and Washington observers expressed belief that he would deliver official notification of an openly pro-Nazi collaborationist policy by Pierre Laval's new regime.

U. S. Position Clear

Welles already has made it emphatically clear that the United States has nothing but scorn for collaborationists and would consider such a regime unqualified to represent the French people.

Laval himself, now France's most powerful figure, with the aged Marshal Philippe Petain only a figurehead, returned to Vichy from Paris where he was said to have conferred with Hitler's agents—presumably receiving the fuehrer's orders for the future government of France.

He was immediately received by Petain.

In Washington, senators gloomily forecast that the French fleet—once Europe's second largest—would soon bolster axis sea power, jeopardizing Anglo-American domination of the north Atlantic supply routes to England and Russia, and also imperilling British control of the Mediterranean.

"Hitler will take the French fleet whenever the time is right," said Senator Lucas (D-Ill), a member of the senate naval committee. "We can expect direct action any time now."

French Fleet Strength

According to unofficial estimates, France has approximately 180 warships in various stages of readiness to fight or building, including seven battleships, three aircraft carriers, 17 light and heavy cruisers, 72 destroyers, and 81 submarines.

Even if French sailors refused to man the ships, observers said, the fleet might be surrendered to the Germans to be manned by Nazi crews.

Other major developments:

Russian War Front—Soviet dispatches reported that Red army shock troops, who smashed through the first line of German defenses around Bryansk, 200 miles south of Moscow, had surged forward and occupied a dozen settlements abandoned by the Nazis.

Bryansk is a key German base only 80 miles from the border of White Russia.

The Russians said Hitler's high command was constantly increasing reinforcements for "feeler" attacks against the Red armies, but there was still no sign of the long-heralded German spring offensive.

May 15 Likely Date

London military quarters said the Germans would probably not attempt to unleash a full-scale "blitz" assault on the central front until about May 15, when the weather and terrain conditions would be more favorable for mechanized attack.

British—London sources declared the appointment of Germany's crack Field Marshal Gen. Von Runstedt to command Nazi troops in northern France indicated that Hitler was doing his

DOUGLAS PICTURES POST-WAR AMERICA

Supreme Court Justice Forecasts Cooperative Society.

By The Associated Press

COLUMBUS, O., April 16 — William O. Douglas, associate justice of the United States supreme court, believes post-war America will develop a "real cooperative society based on the philosophy of equality and fraternity."

"When the issue is as fundamental as the present one," he said last night in an address to law school alumni of Ohio State university, "the nation knows that nothing short of a genuine partnership endeavor is adequate."

Equality and fraternity must be "work-a-day principles, not mere sentimental ideas," Douglas added.

The partnership which ultimately will produce the cooperative society is developing as the import of the war becomes clearer and united determination for victory grows, he declared.

Americans will have no time to "look for motes in each other's eyes," he continued, once they are convinced that they serve in a people's war.

"Neither gold nor the treasures of the world can buy the endurance and devotion which are then to be had for the asking," he asserted.

What do I do?
—to cure my car's "Spring Fever"?
Most car-owners realize the importance of thoroughly cleaning and flushing the Cooling System in the Spring. But there's also one additional important precaution—*rust-proofing*. The average Cooling System has as many as 5 different metals subject to rust—and rust causes leaks and over-heating. So be sure to add a rust inhibitor for Summer driving.

e glanced up with a "Hello, Vicky." Then And you look simply de- vastating. New suit?"

"Heavens no. It's ancient. I'm on a shopping tour right now. Come have lunch with me and help me decide about an adorable hat at Mimi's."

Automatically, Stephanie shook her head. "Sorry, I—" Then she changed her mind. Why not? There'd be nothing doing here at Headquarters for a few days now. Besides, she was tired of being the drudge. "All right, I will."

The St. Francis was aswarm with pretty women buzzing like a giant bee-hive. Many of the workers in uniform like herself. The others in smart suits and sables.

"You know," Vicky said when the headwaiter had found them a table, "I have the most thrilling news. From Kurt!"

Stephanie felt her heart leap to attention. "Yes?"

"Oh, he's done the most thrilling thing. That order he got out at the Club Sunday was about a secret flight to San Diego. It seems the F.B.I. got wind of some plot to bomb some airplane factories and planes from Lafayette Field were sent down to do some scouting. And who do you suppose actually located the enemy planes?"

Stephanie forced a calm, "Kurt, of course."

"Isn't he simply unbelievable! He'll probably be promoted to major now or something wonderful and of course to hear him tell about it, you'd think he'd done absolutely nothing."

Vicky stopped to light a cigarette, let her glance wander with deceptive carelessness about the crowded dining room. Grateful for the moment in which to regain coolness, Stephanie finally managed, "Then you've — seen him?"

Invitation

Vicky nodded. "I just happened to be in the garage in Peralta and I heard someone asking about your car. I had no idea it was Kurt until I went in to see what was what. By the way, you didn't mention having had an accident."

Stephanie flushed. "It was nothing. Just a dented fender."

"Well, anyhow, we got to talking and he told me everything about his flight," Vicky went on. "And Stevie darling — guess what!"

"I couldn't."

"He's invited us to dinner at the Officers' Club next Saturday night. Isn't that thrilling!"

"Us? Are you sure I'm included," Stephanie asked and wished she could find courage to refuse. It would only be asking for misery.

"Of course. He mentioned you especially. And Henri can drive you up," she explained enthusiastically. "Everything just works out beautifully."

"I see. Well, I'm not sure I—"

"Oh, you must come. I'm seeing Henri this afternoon so I'll tell him to give you a buzz."

She decided over coffee and French lemon pie that she didn't want to drive to Peralta with Henri de la Pagerie. But when he telephoned later that evening, she actually heard herself accepting.

"I know you are anxious to see your father, Stephanie," Henri was saying in his precise English. "I hoped that perhaps you would let me motor you to Peralta by way of Titan. We could leave early on Saturday afternoon."

"Oh, Henri, I would like to do that," she said warmly. He was a nice person, really.

But when they arrived at her father's office Saturday afternoon Stephanie wasn't so sure surprising him had been a really good idea. He was very busy, his secretary said. He would be free in about an hour if they cared to wait.

"Of course we will wait," Henri insisted. "We have plenty of time. Suppose we just look around the plant here."

Stephanie had been over the plant dozens of times with her father, and she proved an excellent guide. Not that she could answer all the questions Henri could ask. For a diplomat, he seemed to know an amazing lot about explosives, she told him once, laughing.

"I've always been fascinated by the subject," he explained smiling. "As a boy, I wanted to be a scientist, but—" he shrugged eloquently, "—my parents had decided on the diplomatic career."

"I think this is about as far as we should go," she said finally. "That row of buildings there, most of them practically underground, is where they store the dynamite. Dad never lets anyone near them without his permission."

"Your father must be very efficient. I consider it a privilege to have this opportunity to meet him."

Stephanie, glanced at him, saw instantly that she had not been mistaken about the strange eagerness in his voice. It was written into his expression, a sort of tense excitement. Then Henri felt her glance, turned smiling toward her and the tension was gone.

"There's Dad now," and she nodded toward him, walking along the wharf toward them, a battered felt dragged over one eye, his head tilted against the stiff wind blustering in off the bay.

He waved, smiled as he recognized her. "Hello, chicken. How did you get here?"

"Henri drove me up," she smiled, turning to the tall man beside her. "Daddy this is Henri de la Pagerie."

Guy Merrill's smile gradually dissolved and he turned to the younger man. For an instant, Stephanie had the appalling notion that her father was not going to shake hands with Henri. Then, of course he did. But there was no heartiness in his "Glad to meet you, sir."

"The honor is mine, Mr. Merrill," Henry said in his stiffest foreign manner.

Aware that something was terribly wrong and quite in the dark as to what it might be, Stephanie tried to bridge the awkward moment with chatter.

"We're on our way to a party at Peralta, Daddy. A friends of Vicky's has invited us to dinner at the Officers' Club. We've just been looking around your old plant while we were waiting."

"So I see," he said with curtness so unlike him that Stephanie stared at him, puzzled, even irritated that he should act this way.

"Are you all right, Daddy?" she asked, still trying to put the puzzle together.

"Certainly I'm all right. Now you run along to your party."

"Why—Daddy!"

"I'll be home in a few days. Go along now, Skip." He dismissed her with a ghost of his old smile.

"I'm sorry," she apologized as Henri put her into his car. "Dad is so terribly worried, I guess."

"Please do not mention it," Henri begged. "I understand perfectly."

BREACH IN GERMAN LINES REPORTED

A Stockholm radio report said that Russian armies were sweeping through a breach (arrow) in the Nazi lines between Kharkov (1) and Belgorod. The Germans said that a tank-led force of 90,000 Russian troops had launched a new, violent attack on the central front (2) west of Moscow. Shaded area indicates German-held territory.

Marysville Boy High in Scholarship Test

Edmund Augenstein of Marysville, who had 257 points out of a possible 300, was first in the Union county senior scholarship test, in which 28 students took part March 28. Local certificates of recognition are to be issued. Runners-up were Robert Lehman of Richwood, Robert Jordan of Union (rural), Edwin Lub of Liberty, Joseph Dutton of Union (rural), Richard Mead of Richwood and Mary Catherine Weaver of Marysville.

Marion D. of A. At Bucyrus Meeting

Members of Paramount and Mary A. Canfield councils, Daughters of America, attended a meeting of the Past Councilors association of District No. 4, Saturday afternoon at Bucyrus. Mrs. Eva Parks of Shelby was chosen president of the organization. Mrs. Merle Parr of Paramount council was chosen recording secretary, and Mrs. Semah Carter and Mrs. Edith Bailey of Paramount were named color bearers. Mrs. Hazel Thomasson of Mary A. Canfield council was elected treasurer.

Attending from here were Mrs. Parr, Mrs. Carder, Mrs. Bailey, Mrs. Betty Coon, Mrs. Naomi McClaskey, Mrs. Wilma Clark, Mrs. Edith Fox and Mrs. Mildred Raymer of Paramount council, and Mrs. J. W. Thompson, state conductress, Mrs. Ethel Yonkam, Mrs. Pearl Buckingham, Mrs. Bess Peoples, Mrs. Elva Sutton, Mrs. Thomasson, Mrs. Ila Parish, Mrs. Leona Barnhard, Mrs. Cordelia Starner and Mrs. Ruby Bogart of Mary A. Canfield. The next meeting will be held the first Saturday in June at Shelby.

April 10 Marriage Announced at Forest

Special to The Star

FOREST — Mr. and Mrs. Elmer Wolford of Forest are announcing the marriage of their daughter Opal, to Richard Wentz, son of Mr. and Mrs. Clarence Wentz of Mt. Blanchard. It took place April 10 in the parsonage of the Trinity Evangelical church at Upper Sandusky. Rev. F. E. Borse performed the single ring ceremony. Mr. Wentz is employed at the Crawford Steel foundry at Bucyrus where the couple will reside.

Girls! Don't Give Up

IF YOU'VE GOT A POOR COMPLEXION

Try this way which has helped thousands improve their complexions!

If you're blue and discouraged because of your complexion; if you think you're doomed to always have unsightly looking skin—here's news about a cream that may make a wonderful change.

Nurses were among the first to discover the benefit of Noxzema. Today, thousands of women have been thrilled the way it has helped their complexions.

Why it does so much

One important reason for Noxzema's benefits is this: Noxzema is not just a cosmetic cream. It's a *medicated* cream that not only quickly helps soften and smooth rough, dry skin—but also *aids in healing externally-caused skin blemishes!* In addition, Noxzema has a mildly astringent action!

SPECIAL TRIAL OFFER

For a limited time you can get a generous 25¢ jar of Noxzema for only 10¢ (plus tax) at any drug or cosmetic counter. Give Noxzema a chance to help your complexion. Get a jar today and use it as a night cream and powder base.

How to get the most for your money when you buy

VITAMINS

YOU *know* how to choose the best fruits and vegetables, the choicest cuts of meat. But what about vitamin products? They may differ as much as any other food you buy. Fortunately, there are good ways of checking up—of making *sure* you get the *right* vitamins, the *right* amounts, at the *right* cost. Here they are. Read them. Keep them. Use them when you shop.

1 **Look at the label.** Every vitamin product is required by Government law to carry a label that gives a *truthful* and *accurate* statement of its content.

2 **Count the vitamins.** Some products contain just one or two vitamins, such as A and D. Others may contain one or more vitamins of the B Complex. But nutritionists say, *six* vitamins are essential in the daily diet. So Vimms give you all six—A and D, all 3 essential vitamins of the B Complex, and Vitamin C besides—a grand total of *six* vitamins.

3 **Look for minerals.** Certain minerals and vitamins are natural allies. Calcium and Phosphorus, for instance, work with Vitamin D to help build bones and teeth. In Vimms you get Calcium, Phosphorus and Iron—the 3 most needed minerals, for which requirements have been established by the Government.

4 **Compare the formula** with U. S. Government standards for minimum daily requirements to be sure you are getting a *balanced* alliance of vitamins and minerals. Vimms contain enough of all six vitamins—even costly B_2 and C—to bring the average diet above the safety line.

5 **Ask who sponsors them.** Vimms were developed by nationally known vitamin authorities, top-ranking biochemists and scientists, working with Lever Brothers Laboratories. Their potencies are guaranteed.

6 **Ask your doctor about the product.** Have him show you how the Vimms formula is balanced according to Government standards. Your doctor knows that Vimms are regularly assayed, chemically and biologically, under the most rigid conditions.

7 **Try the taste.** Vimms are palatable. The tiny, pure white tablets have a pleasant flavor—no fishy or yeasty after-taste. You'll find that children like Vimms. They can eat them like candy, or swallow them easily.

8 **Compare the price.** Vimms cost only a few pennies a day—the lowest price ever for any product of comparable type and potency. In fact, the advantages offered by Vimms cannot be matched at *any* price.

3 out of 4 need them. Government experts estimate that 3 out of 4 Americans aren't getting enough vitamins and minerals today. If you are always tired, irritable, depressed, you may be low on vitamins yourself! Don't take chances, take Vimms. Add them to the daily diet of your whole family. You may feel better than you ever thought you could!

It's great to feel fit! But winter leaves so many people tired, listless, subject to colds, not up to wartime demands, because of vitamin-mineral deficiencies. Make sure you're getting enough vitamins and minerals. Don't take chances; take Vimms daily!

Farewell Planned at Clark School

(Continued from Page 1)

sor street, substitute teacher who has been conducting the school since Marshall Burnett was called to service in February, said recently that in some 20 years of teaching it is the first time she has closed a school.

The Closing Day

Friday, May 8, will be the last day of school but there probably won't be much serious attention to studies all that week because in that time the work of moving all the furnishings will be under way in order to meet the government's order for a cleared building on May 9.

Popular picture in the public mind when a one-room school is mentioned, is an antiquated structure.

The present Clark school building is about 40 years old, which is young compared to the rear building at Central Junior High school and several other schools in Marion which are still in use. It has a belfry and a frame entry way.

It has indirect lighting fixtures, a coal furnace, a radio, a piano, and an electric hot plate where lunches can be prepared for school parties and community meetings.

There is seating capacity for 35 pupils.

Many families in the community have started their schooling in the Clark school for generations.

Descendant of Founder

Gene Young, one of the fifth grade pupils, is a great-great-grandson of Harvey Clark, for whom the school was named. The pioneer Clark moved into Marion county when it was virtually a wilderness. His farm is a part of the ordnance plant area.

How the school happened to be named for the Clark family is not recalled by Harvey Clark's granddaughter, Mrs. G. W. Hinamon of 244 East Church street.

Mrs. Hinamon, who is 80, went to school in the original building, a frame structure. When the present school was built, about 40 years ago as Mrs. Hinamon recalls, the original school was moved to the farm of her father, Robert T. Clark, and was used as a granary. Her son, Robert Hinamon and his family, now live on the farm and about 10 years ago the old school-granary was torn down.

If, after the Robert Hinamon family moves to a farm in Union county, the government should see fit to retain the barn for a time, part of the old school also will be saved, because some of the wide walnut boards were used in the barn when the granary was razed.

Used McGuffey Readers

Mrs. Hinamon returned to teach at the Clark school back in the days when the McGuffey readers were the foundation of American education.

At a recent homecoming at the school she was the oldest former pupil present, and also the oldest former teacher.

Back in the days when she taught at the Clark school desks were set along the walls and the pupils sat on backless benches. Boys and girls who didn't get their lessons stood in a corner and wore a "Dunce cap," a cone of folded paper.

There were no improved roads in those days. Mrs. Hinamon was fortunate in that her father's farm was nearby and the transportation problem that many teachers in country schools used to face was one that she didn't have to bother with.

Years ago the school year was eight months, broken up into three sessions, four months in November, December, January and February, a spring term in May and June and a fall term in September and October.

Another Pioneer

Walter Cluff, 81, of 333 Pennsylvania avenue, eldest member of the Linens Chapel Methodist church congregation, recalls going to the old frame school for a time before he transferred to the Foos district farther east.

Among early teachers recalled by Mrs. Hinamon are Mrs. A. W. Granger, Mrs. David Peterson, Mrs. Flora Clark Burt, Ella Kennedy, Marietta Lucas, Henry Fate, Thomas McNeal, W. B. Everett and M. B. Charles.

Records at the office of County Superintendent of Schools D. T. Mills go back to 1822, when the county school system was organized, and list former Clark teachers as follows:

1922-23, Clarinel Harvey; 1923-27, Merrill Harvey; 1927-28, Mary Ellen Weiss; 1928-29, Mayme Kidwell; 1929-1933, Anna McLain; 1933-36, Gladys Pitman; 1936 to February, 1942, Marshall Burnett; Feb. 1, 1942 to closing of school, Mrs. Mabel Saine, substitute teacher.

Spring Housecleaning

THIS year the situation is different. Spring housecleaning is more than a routine of drudgery, culminating in removal of all the dirt that happened to get inside duing the winter to the outside—so it can be brought back in during the summer and taken out at fall housecleaning time. Something new has been added.

In the attic among the castoffs are various metal echos that should have been converted into something useful years ago. Now is the time for them to come to the aid of the country. In the garage and barn, in the basement, in the trash barrels, in the kitchen and hall closets, even in the living room are articles that can be turned to use in the war effort.

Spring housecleaning is a patriotic duty this year. It is that simple and forthright, and if the assertion sounds suspiciously like some of those things that used to be quoted with sarcastic remarks from German newspapers before the United States got into its stride, then the similarity is far from accidental. There is no reason for Americans to think they are exempt from the rule that in all-out war everybody contributes what he has, even if it is only junk.

Too Elementary, Maybe

MORE worrying about morale is being done these days per square inch than ever was done before. The experts are supposed to have everything under control, or at least to know what needs to be done.

The thing the experts haven't understood is too elementary for them to bother with—too simple and childish. It would be like Einstein figuring out how to sew on buttons with the theory of relativity.

But Einstein without buttons would be in bad shape, at that. So are the experts without their buttons. They need to come down out of the nether spaces and get in touch with some of the commonplace things.

Specifically, what they need to do is understand that morale isn't something to be solved with vitamins, folk dancing, basket weaving and psychological voodooism at all. It's so simple it's silly, which is why the experts can't understand it, no doubt.

The American people need two things to start with, perhaps more latter. But right now, they could do very nicely with some old-fashioned band music and pep talks. They want to yell "Hooray" and "You tell 'em, fat boy."

So far, about the only appeals to their emotional side have been strictly statistical—production in 1943, the sales rate on War Savings Stamps and Bonds and the probabilities of being hit with a 1,000 lb. bomb on the second floor of a three-story house, if they stand perfectly still.

If the experts think Americans in wartime can be handled the way a scientist handles white mice, they're all nuts. War is necessarily a tremendous emotional experience, and it calls for some emotional expression. All over the United States there is a crying need for more band music and parades and cheering and singing and fight talking. The fellows who were looking after morale in the other war did 10 times better than this—and most of them never had heard the word before. It's time to quit being so scientific, if that's the reason for the absence of zip, and to start being enthusiastic.

Trial Balloon a Day

OUT here in the grass states where the wealth to pay the bills is going to come from, the bloated bondholders and skinny taxpayers are beginning to wonder what kind of a game Washington is playing with them. A trial balloon a day is being hoisted. It's no fun to shoot at the things any more.

One day Washington plans to save us from ourselves with higher taxes. Another day the miracle is going to be performed with a ceiling on everything. The next time there's a shadow, it's a trial balloon telling how the job is going to be done with a withholding tax, or perhaps voluntary purchases of war stamps and bonds. In still another day it's hinted that the thing is going to be accomplished with a combination. Then, latest of all, is a hint that there won't be any new taxes. Even Washington must see how this contributes to an impression of vacillation in the capital.

In fact, the uncertainty is almost as bad as the various cures for saving us from ourselves would be. Certainly it is a commentary on the improvements of politics that probably for the first time in history all proposals for parting the taxpayer and his money are submitted in the name of the taxpayer's own welfare; he is to be saved from the pitfalls of inflation.

News Behind the News

Variety of Reasons Offered for Failure of Cripps Mission in India.

By PAUL MALLON

WASHINGTON, April 16—You can hear more softly-told reasons why the Cripps mission failed than there are Moslems and Hindus. But the all-impelling one which even sticks out of the official statements is that neither side wanted success sufficiently to get it.

There are supplemental tales like the one that Winston Churchill felt Cripps hot breath on the back of his neck in Whitehall politics and sent him into the Indian political maze to cool him off, expecting full well he would never come out running—at least not running against Churchill for the prime ministry.

That one was in circulation soon after Cripps left London. It is no doubt based only upon conjecture, and the conjecture will be strengthened in the minds of some people now by the way the trip turned out. Mr. Cripps certainly slowed down.

Officials here just throw up their hands, say something about the inexplicable intricacies of Indian politics, and let explanations go.

Why any nation, no matter how deep it has suffered from past grievances, or how thoroughly it is criss-crossed with conflicting political interests, would permit itself to be left standing weakly disunited, with the Japs already at their front door, is more than most officials here want to try to explain.

Outlook Bad

The outlook for India is bad, but not as bad as it might be. The stubbornness of the British and Indian statesmen, of course, almost constitutes an invitation to Japan to move in, whether or not the Jap military leaders had planned it at this time. A defense which elects to be weak by choice invites attack.

The heart of India is geographically on her sleeve—the one nearest the Japs. Ninety per cent of her steel and engineering industry is around Calcutta in the eastern arm of the country, within easy reach of the Jap bombing fields of Burma.

If the Japs could roll through Calcutta (a line 200 miles west of the city, they would have all the main Indian industries and particularly all the armament production within their grasp.

The workers in Indian factories can not be expected to act like those in England during bombing raids. Their morale has not been solidified by settlement of internal political differences. Ninety per cent of the population in 1931 was illiterate (unable to write a letter or read an answer).

Food Problem

The government has issued an ordinance that the workers must remain at their posts during air raids, but there is no reason to expect them to act differently from those in Rangoon. The Burmese workers cracked in panic at the first bombs, and production ceased from that point.

The food situation is not good. The eastern section relied much on Burmese rice production, now cut off. A shortage of wheat may aggravate conditions in the north and west, especially in a nation whose divinity already has been publicly expressed in the stubbornness of its political leaders. Food relief may soon be necessary to avoid riots and maintain production.

Fifth columnists around there. A fairly good secret service, the CID, is manned by the British but including Indians, is not good enough.

Morale

But, as the politicians on both sides must have known, these defects could have been remedied by an agreement in only one really important respect—morale.

No doubt Nehru and his followers will resist the Jap aggressors, and the plan of defense made by the British controlled army will be carried out. Followers of Gandhi can not be expected to alter their pacifist policies even when the Japs come in the door with bayonets. They apparently prefer death to war in any form.

Thus while the failure of the Cripps mission is much against our best interests, it need not be fatal, and anyway there is nothing we can do about it. Mr. Roosevelt's emissary Louis Johnson did as much as he could — and more, according to some British comments.

Motives for Hitler Placing France in Control of Laval Examined.

By WALTER LIPPMANN

THERE has never been a time since the French armistice when Hitler was unable to do what he has now done with Laval. In European France he has always been able to appoint the government. The reason why he has hitherto preferred the semi-independent government of Petain to an out-and-out Quisling government under Laval has been that he had much more to gain from the Petain regime.

With respect to France Hitler has had two main purposes. One was to control the French empire overseas without taking the risks and paying the price of trying to cross the Mediterranean to occupy French Africa. Hitler had somehow to exercise power in territory which was beyond the easy reach of his army. Because Marshal Petain was trusted and obeyed by the French forces and by French officials in the vital North African part of the empire, the Petain regime has been an invaluable instrument for neutralizing the empire that Hitler himself could not occupy. A man like Laval could never have served this purpose. For all Frenchmen regard Laval as a Nazi agent. During this period of neutralization Hitler sought to gain the time in which to purge the French empire of Frenchmen who might wish to resist.

Hitler's other purpose was to get from the French people the maximum support and the least possible resistance. France is the only great power that Hitler has conquered, and to keep a great power in subjection while he has been fighting a world war, Hitler could not rely on brute force alone. He had to use cunning. When we see what it costs him to keep down the Norwegians, the Poles, and the Serbs, it is obvious that keeping forty million Frenchmen down was a very big order. Hitler knew it. For Hitler is no fool. He had, therefore, to set up a regime headed by some one whom the French trusted yet some one whom he could trust not to kindle the fires of French national resistance. Marshal Petain filled the role. The very fact that Marshal Petain is a Frenchman and a patriot, yet also a defeatist, has made it possible for Hitler to rule France with less troops and with less Gestapo and firing squads.

Marshal Petain's Help

Therefore, though Marshal Petain did not give Hitler all the help he wanted from France, he gave a good deal of help, and above all he saved Hitler the trouble, the expense, and the

TEN YEARS AGO

It was Saturday, April 16, 1932

The house economy committee was told in Washington by J. C. Roop, budget director, that President Hoover desired authority to make a thorough reorganization of the federal government. He aimed to effect consolidations of various bureaus and agencies to lower costs and increase efficiency.

City officials and employes in Marion faced a "payless payday" as the result of a treasury deficit which left the city without funds to meet salaries and other expenses. It was thought the difficulty would be bridged in May when the remainder of the city's share of the December tax collection was expected.

T. E. Andrews was named chairman of the Memorial Day committee at a meeting of representatives of local veterans' organizations. J. L. Ralston was named secretary of the committee and Lee Howison treasurer.

Vice President R. E. Woodruff of the Erie railroad, former division superintendent with headquarters in Marion was made a director at the annual meeting of stockholders held in New York.

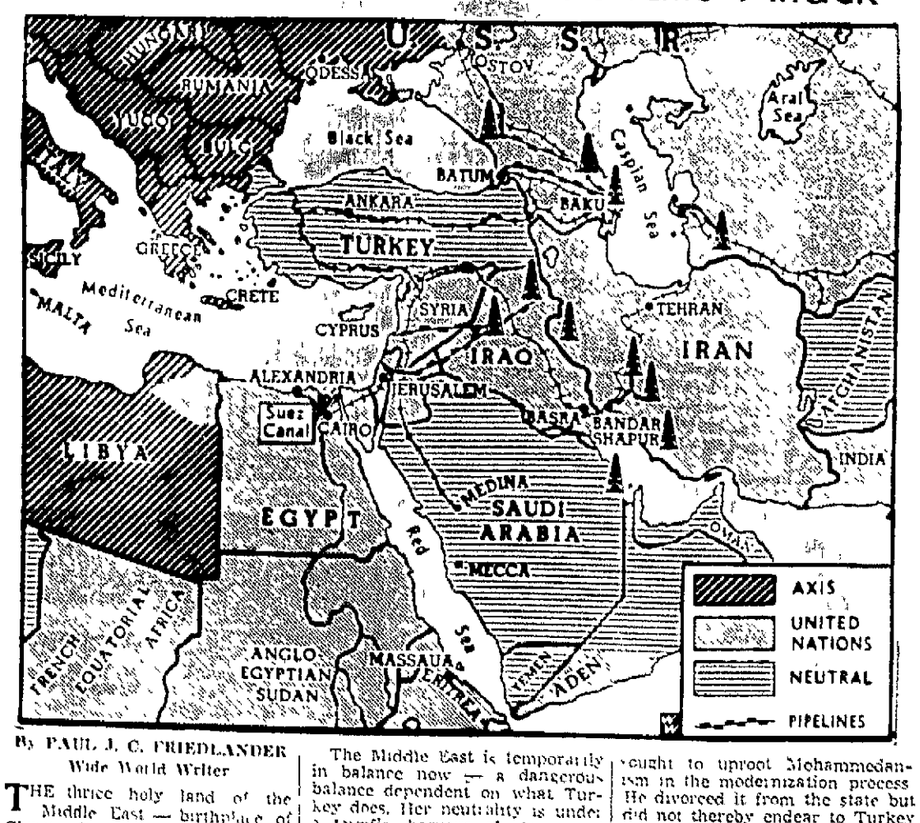
Ancient Battle Ground Awaits Attack



By PAUL J. C. FRIEDLANDER
Wide World Writer

THE three holy land of the Middle East — birthplace of Christianity, Judaism and Mohammedanism—is once again armed to the teeth.

Bombers from Burbank and fighters from Buffalo wing over the deserts where Babylon's legions waged 2,500 years before Christ; where the Assyrian Empire (1700 B.C.) was wiped out by the Arameans, where the barbarians from the north, the Persians and the Medes built empires that in turn ruled Egypt and what we know as Turkey, Persia, Iraq and Afghanistan.

Alexander the Great conquered the land bridge for the Greeks some 400 years before Christ. Then in turn came the Seleucides, the Romans and the White Huns, the Byzantines, the Persians again, the Arabs and the Seljuks.

Western Europe became interested as a result of the unsuccessful Crusades to free the Holy Land from the infidels. Afterwards Genghis Khan and his Mongol hordes swept westward from China and India. His sons carried on, giving way to the Ottoman Empire which flourished from the 16th century until it broke up during the World war.

Through the centuries the warring empires fought to own the Middle East land bridge between Europe and Asia. On whichever continent they grew, they had to control the bridge in order to expand to the other continent and to control the trade routes east and west.

The Middle East is temporarily in balance now — a dangerous balance dependent on what Turkey does. Her neutrality is under a terrific barrage of Axis and United Nations promise of military, economic and political support.

She lies across the top of the Middle East like a double-barrelled shotgun. Whichever side can pull the trigger first, can get a head start that may determine the result of the war.

Turkey's eastern mountains form a natural defensive barrier across that country, blocking off the high plateaus and fertile valleys of the western and central sectors. Her industrial, modernized cities of the west give way to the rich brown oriental east, fading into the villages and the sands of the deserts of Syria and of Iraq, Iran and Saudi Arabia.

Along the rivers—such as the Euphrates and Tigris that nourished the Garden of Eden—the nomads have replaced their tents with small communities. Baghdad and the great port on the Persian Gulf, Basra, and the railroad terminals combine the splendor of oriental architecture with western civilization.

Turkey ties the Middle East land bridge to Europe through her Bulgarian and Greek frontiers; to Asia through her Russian and Syrian frontiers. And beyond Turkey lies the oil of Iran and Iraq—and the wealth of the Indies.

Modern Turkey dates back to 120 when Mustapha Kemal Ataturk overthrew what remained of the old Ottoman Empire. He sought to uproot Mohammedanism in the modernization process. He divorced it from the state but did not thereby endear to Turkey the 150,000 Moslem Arabs living in his southern territory nor the staunch Moslem Arabs of Iran, Iraq and Saudi Arabia.

Working On "Fences"

Diplomats are busy in Ankara, Turkey's capital, building and mending international fences. The long standing differences between the 18 million Turks and the six and one-half million Bulgars were reportedly healed a year ago by a non-aggression pact.

This was quickly followed by German invasion or "protective custody" of Bulgaria. That country has longed for frontage on the Aegean Sea, presumably to be obtained from Axis-conquered Greece. Hitler, in turn, has been asking Bulgaria for soldiers to fight the Russians.

But the Bulgars, who became independent of Turkey in 1908 and are long-standing friends of Russia, would rather fight the Turks, in spite of their friendship pact.

Turkey's relations with the United Nations have been up and down. A non-belligerent ally of Britain, with pledges of support if she should be Axis-attacked, Turkey last summer signed a surprise amity pact with Germany.

Turkey might be expected to go with the Axis against the Arab states and Iraq, Iran and Syria—all parts of her former empire. But modern Turkey, led by General Ismet Inonu since Kemal

Taking the Bite Out of a Dog

By HOWARD W. BLAKESLEE
Wide World Features

NEW YORK—If the neighbor's dog snar
you, try a bottle of vitamin B-1 on him
him to eat, of course.

This dog angle was explained by Elmer
Bobst, president of Hoffman-LaRoche Ch
Co. He cited Mayo Clinic experiments with human beings who became irritable when their B-1 intake was deliberately cut below their needs.

"As a matter of fact," he said, "there are reports even irritable dogs that snarl and snap at pe often show greatly improved dispositions w B-1 is given."

Mr. Bobst countered the stories of the old days when our ancestors got along with bottle vitamins and did very well, by fir showing they didn't always do so good.

He cited the deaths of 80,000 British sea in the Seven Years war due to lack of vita C as one example. Also the evidence that Alaska, in the '98 gold rush, potatoes sold one dollar each. The price, in addition to scar was due to the fact that a potato is one of richest sources of vitamin C.

Mr. Bobst pointed out another fact, known to nutritionists, that the food adeq in vitamins today, may not be so tomorr because soil, season and type of stock feed influence vitamin content of natural foods.

Wisdom Teeth and Wisdom

"There is no known relationship bet intelligence and the presence or absence of dom teeth," Hygeia, The Health Magazine clares in a recent issue. "Apparently the no that such a relationship exists is based on fact that the wisdom teeth generally come place in the jaw at the age when mental pow are fairly well developed."

Churchill Will Make War Statement Soon

By The Associated Press

LONDON, April 16 — Prime Minister Churchill will make a statement on the war situation to an early session of the house of commons which probably will be secret, Foreign Minister Anthony Eden told the house today.

Eden also said the government hoped to issue a white paper on Sir Stafford Cripps' negotiations in India next week.

He indicated, however, that there might be a delay because of an "important discussion" with General George C. Marshall, the United States army chief of staff, and Harrp Hopkins, whose time in Britain is limited.

PROSPECT WOMAN TAKEN BY DEATH

Mrs. Minnie Onselman, 79, Dies at Galion.

Special to The Star

PROSPECT, April 16 — Mrs. Minnie Onselman, 79, of Prospect, widow of John Onselman, died of a heart ailment early today at the home of her daughter, Mrs. Sarah Brugger, and her granddaughter, Mrs. G. T. Foos in Galion. She had been ill several months and spent most of the winter with her daughter and granddaughter.

A native of Baden, Germany, she was born April 21, 1861, to John and Frances Gorenflo. The daughter, three grandchildren, Mrs. Foos, Ralph Brugger of Galion, and four great-grandchildren survive. Mr. Onselman died in 1934.

Funeral services will be held at 2 p. m. Saturday at the home here and 2:30 p. m. at the Reformed Evangelical church of which Mrs. Onselman was a member. The pastor, Rev. R. G. Diller, will officiate and burial will be made in the Green Camp cemetery.

FORMER CRESTLINE MAN ENDS OWN LIFE

Found Dead in Bathroom of Marion Home.

Despondent over ill health, William R. Smith, 40, former Crestline resident, took his life yesterday in the bathroom at the George Cook home at 365 West Church street, where he roomed.

He was found by Mrs. Cook about 3 p. m., when she returned from a trip downtown.

He had turned on the gas heating stove but had not lighted it, put the rubber hose in his mouth and then placed a paper bag over his head and wired it around his neck to keep the gas fumes from escaping.

Coroner Richard L. Morgan returned a verdict of suicide by asphyxiation.

A note which he left said that he had not been well all his life and that recently his suspicion as to what was the matter had been confirmed, according to Police Chief William E. Marks.

Mrs. Cook told authorities she went downtown about 2:30 and returned home at 3. She notified police. Central fire station, notified that a man had been found dead in a bathroom at the West Church street address, sent the inhalator squad and also the aerial ladder truck for use in case the bathroom door was locked and it would be necessary to enter through the window. The door was not locked.

Although Mr. Smith was dead when the inhalator squad arrived, the men worked over him 30 minutes.

According to officials he had lived in Marion about 12 years, coming here from Crestline, and worked as an electrician.

He was born near Tiro in Crawford county on Oct. 19, 1901, son of Francis and Margaret Hisel Smith. His mother was a native of Rushsylvania.

A brother, Francis C. Smith of Crestline, survives.

Friends may call at the Edwin K. Smith Home for Funerals on East Center street until 6 tonigth, when the body will be taken to the Garverick funeral home in Crestline for funeral service Saturday afternoon. Rev. C. H. Lang, Lutheran pastor at Crestline, will conduct the service. Burial will be made in Fairview cemetery at Galion.

Green Camp Man Fined on Intoxication Charge

Keith Blue, 28, of near Green Camp pleaded guilty in common pleas court yesterday to a charge of driving while intoxicated. He was fined $100 and costs and his driving rights suspended for a year by Judge Hazen. Blue was arrested originally on a charge of driving on a revoked driver's license after an accident near Green Camp March 14. He was given a fine of $100 and costs on that charge. A test taken at the time of the accident led to the filing of the charge on which he was found guilty yesterday.

New Manager Named by Clothing Company

William F. Libero of Columbus has replaced Loy Likins as manager of Moskin Credit Clothing Co. at 195 West Center street. Mr. Libero assumed his new duties last Friday.

Mr. Likins, who had been manager of the store about two years, is on vacation prior to entering the armed services.

Mr. Libero, who was employed about a year with Moskin Credit Clothing Co. at Columbus, is married. He said he hopes to establish a residence in Marion in the near future.

ANNOUNCEMENT of the engagement and approaching marriage of Miss Mary Jane Ray, daughter of Mrs. Clara E. Ray of 410 South Main street, to Thomas Edward Gray, son of Mrs. Mary Gray of 215 South Vine street, was made last evening when Mrs. Gray entertained with a buffet bridge at her home.

Miss Ray and her fiance have chosen Saturday, May 9 for their wedding, which will be solemnized in St. Mary Catholic church. Miss Ray was graduated from St. Mary-Parochial High school and until recently was employed in the office of the Ogood Co. Mr. Ray, a graduate of St. Mary Parochial High school, is an alumnus of the University of Southern California. He is associated with the Atlas Powder Co. at Ravenna.

The guests learned of the approaching wedding when Miss Mary Rita Murphy received an album containing a picture of the couple and the wedding date, as an award. First and second honors in bridge were won by Mrs. Robert Kelly and Miss Grace Kelly, and Miss Murphy was consoled.

Spring flowers were used throughout the rooms and for the buffet lunch at which Mrs. Gray and Miss Elizabeth Gray assisted, the table centerpiece was white roses and white carnations.

MEMBERS of the Jolly Dance club closed their season last evening with a dance at Schwinger's hall. Serving as a committee in charge were Mr. and Mrs. Homer Place and Mr. and Mrs. H. C. Wolfe. Harry Miley's orchestra played the program.

MISSES ESTHER AND MARY GRUBAUGH of 189 Lake street entertained with a personal shower last evening for Miss Margaret Walker of 205 Lake street, who will leave soon for Fort Sill, Okla., where her marriage to Private, First Class, Ray Hochstetter of Marion, will take place on April 20.

Awards in bingo were won by Miss Charlene Walker and Mrs. C. H. Lindsay. Appointments for the refreshments were in the national colors.

Mrs. Celesta Clark and Miss Vera Winnett were guests when the Four G's club met last evening at the home of Mrs. Clara Partlow of 242 Chestnut street. Birthday anniversaries of three of the members, Mrs. Ruth Desanto, Mrs. Thelma Sloat and Mrs. Ruby McAdams, were observed. They were presented gifts. It was decided to observe birthday anniversaries of the members and Mrs. Edith Houpt and Mrs. McAdams were named to serve as a gift committee. In euchre first and lone hand awards were won by Mrs. Beatrice Catterlin, and second honors went to Miss Winnett. Mrs. Sloat was consoled. Mrs. Leona Osborn assisted the hostess during a social hour.

The Wide Awake club met Tuesday afternoon for euchre at the home of Mrs. Thomas Robbins. First prize was won by Mrs. Ray Violet, second by Mrs. Maude Fox and third by Mrs. James Lingo. Mrs. R. W. Beverly won the lone hand.

The Young People's Sewing club met Tuesday evening at the home of Rose Powers on Fahey street. The time was spent socially and with needlework. Refreshments were served by Mrs. Grace McCurdy, mother of the hostess.

Mrs. James Ralston was a guest at a meeting of the Emanon club yesterday afternoon with Mrs. Thelma Willis of Oak Grove avenue. Mrs. Thomas B. Coon and Mrs. Herman Anspaugh won first and second awards in euchre and Mrs. William Tharp won a gallloping award. Entertainment included a dance by Mrs. Willis and Mrs. Ray Strawser. Mrs. Harry Clapsaddle assisted the hostess in serving refreshments.

Miss Harriett Smith was an associate hostess when Miss Clara Alice Wilson of Cherry street entertained the Athenaeum last evening. Plans were completed for placing entries in the annual community fine arts day festival to be sponsored by the Marion County Federation of Women's Clubs May 5 in the First Evangelical and Reformed church. Miss Wilson reported the club scrapbook had been submitted for judging in the scrapbook contest.

For a program hour famous Ohio poets, writers and musicians were discussed. Mrs. Adam Eiseman reviewed the lives of the poets, Henry Holcomb Bennett and Paul Lawrence Dunbar and read several of their poems. Mrs. Edwin Cheney read short biographies of the following Ohio novelists: Louis Bromfield, Paul Kester, Harlan Hatcher and Zane Gray, and among the musicians discussed by Miss Mary Heininger were Walberg Brown, Mary Eddy, Helen Jepson, Faye Mouser, Mary Van Kirk and Margaret Speaks. Contest awards were won by Miss Pauline Ruhl and Mrs. Adam Eiseman.

Friends here have received word of the marriage of Miss Mary Evelyn Cook, daughter of Mr. and Mrs. Paul R. Severs of Parma, to Flemming King, which took place April 5, in the Presbyterian church at Frederick, Md. The family formerly lived on Blaine avenue here. The bride attended Harding High school.

A dinner and linen shower Saturday evening at Ringer's Inn was in honor of Miss Carol Epley, fiancee of Corp. Rex Hill, who is stationed at Scott Field, Ill. Hostesses were women employes of the Marion-Reserve Power Co. where the bride-elect also is employed. Favors were red, white and blue airplanes. Awards for the evening were won by Mrs. George Glosser and Miss Gladys Clark.

Plans were made for a May breakfast, May 25 at a meeting of the Altrurian club Monday afternoon at the home of Mrs. J. C. Scheifler of 557 Cherry street. The group sang "America" to open the program hour, with Mrs. H. S. Disbennett at the piano. Mrs. Chester Geddis conducted the devotions and the members gave selected topics for roll call. A reading, "A Juda in the Midst," was given by Mrs. Scheifler. Mrs. Chester Geddis, chairman for a sale of articles made by the blind of the state, reported $33.81 sold by the members. Mrs. Scheifler was named chairman for the May breakfast. Tickets for the banquet for the community fine arts day to be held May 5 by the Marion County Federation of Women's Clubs were distributed. Mrs. Addie McNay gave a report of the federation meeting and Mrs. H. S. Disbennett, chairman, gave a talk on the sale of war bonds. The program included a paper, "The Luray Singing Tower" by Mrs. Lester Osborn. A guest day was planned for April 27 at the home of Mrs. H. Malo of East Center street.

Club Schedules Program of War Time Aid Work

SHOULD the United States still be engaged in war when the 1942-43 club season opens next fall, members of the Round Table club will take up a study of first aid and other activity which might aid in promoting a victorious peace, instead of following a study of literary and cultural subjects as has been their custom since organizing a number of years ago.

An "all out" program of war work was decided on at a meeting of the members yesterday afternoon at the home of Mrs. Homer Waddell of South Vine street. The program will be general in nature and will include any type of work which seems most important to the country's needs, the members planned.

During a business session Mrs. A. C. Birch president, and Mrs. Everett Grigsby, president-elect, were named delegates to the annual convention of the Ohio Federation of Women's clubs next week at Columbus. For the program hour a paper on "Costa Rica," prepared by Mrs. Frank M. Knapp, was read by Mrs. Waddell and Miss Helen Kramer gave a paper on "Honduras." The club will meet April 29 with Mrs. Howard Swink of Summit street.

Weddings

Announcement is being made of the marriage of Miss Mary Fox, daughter of Mr. and Mrs. F. J. Fox of near Morral, and John W. Reynolds, son of Mr. and Mrs. George Reynolds of 348 Fies avenue, which took place Easter Sunday, April 5. The ceremony was read by Rev. Arthur Tipton, at Newport, Ky. The bride was graduated from Harding High school in 1941 and the bridegroom in 1937. Mr. and Mrs. Harold Kern of Marion attended the couple.

SALVATION ARMY OFFICER MARRIED IN CLEVELAND

Lt. Dorothy Tindall Is Bride of Capt. H. M. Burr.

Announcement is being made of the marriage of Lieutenant Dorothy Tindall, formerly of Marion, to Captain Howard M. Burr of Van Wert, which took place Monday evening at 8 o'clock in the Salvation Army Temple auditoium in Cleveland. The ceremony was read by Brigadier Fred Malpass of Cincinnati, divisional commander of the Salvation Army. Lieutenant Tindall formerly was associated with the Marion corps of the Army and made her home with Major and Mrs. Joseph Heard on Cherry street.

Preceding the ceremony there was a rehearsal at 4 o'clock and a supper at 6 o'rock in the Crosby restaurant. For the ceremony Lieutenant Jean Detmer sang and the Cleveland Temple band played the wedding march. The double ring ceremony was read.

Lieutenant Helen Christy was the maid of honor, and bridesmaids were Mrs. Margaret Scott and Mrs. Harry Reeves. Lieutenant William Prescott was the best man and attending the bridegroom were Lieutenant Henry Baker and Captain L. Cox. The flower girl, Edith Simington, wore a blue velvet dress with white lace trim, and carried a colonial bouquet. The ring bearer, David Myers, wore a white satin suit and carried a white satin pillow. The rings were tied in a bow on the pillow. A reception in the temple basement followed the ceremony.

Upon their return from a wedding trip to Washington, D. C., Captain and Mrs. Burr will return to Van Wert where they will be in charge of the Salvation Army corps.

Major Heard and Mr. and Mrs. Robert Atkinson of Reed avenue attended the wedding.

CEBU HEROINE

Nurse Rita Palmer, 24, of Hampton, N. H., may have been under fire and injured on the island of Cebu in the Philippines, according to cables received by her mother. She was one of the nurses who carried out their duties amid the horror of the deliberate bombing of a Manila hospital by the Japs. She joined the army in 1941.

MORE OHIO CITIES IN RENT LIMIT LIST

Henderson Acts To Curb Rising Charges.

By The Associated Press

WASHINGTON, April 16—The office of price administration, striving to curb skyrocketing rents, is preparing a new list of Ohio communities to be designated as defense rental areas.

Five war industry areas already have been designated by Administrator Leon Henderson but officials said an acute situation demanded action elsewhere in the state.

Communities classified as defense rental areas are given 60 days in which to restore rents to proper levels. A new law gives the administrator broad authority to fix rent ceilings in areas failing to make adjustments.

More than 100 areas, besides those already designated in Ohio and elsewhere, are in line for rent regulation, Henderson said. Areas previously classified in Ohio are Akron, Canton, Cleveland, Ravenna and Youngstown-Warren.

Rents in each area were supposed to be cut back to where they were on April 1, 1941.

Club Arranges for Guest Party

Patronesses and active members of the Marion Lecture Recital club will meet for the club's annual guest party Monday night in the Hotel Harding ballroom. Dinner will be at 6 o'clock and a choral program will follow. The program will be open to ticket holders, Mrs. William Thomas, president, announces. Reservations for the dinner, are to be made with Mrs. Walter D. Moore, social chairman.

The bureau of standards, department of commerce has developed a specification for school chairs which is designed to encourage correct posture and promote comfort.

Victory Garden Setting Provided for Club's Dance

HOES, rakes and other working utensils provided the Victory Garden setting for a dance held by the Nite to Twelve Dance club last evening at the Marion Country club. During the serving of refreshments "refills" were served from a wheelbarrow.

Nels Blocker's orchestra played the dance program. Guests included Mr. and Mrs. O. C. Kohli, Mr. and Mrs. Harold Churchill and Mr. and Mrs. Carl Kuck of Lima, and Mr. and Mrs. Richard Denman, Mr. and Mrs. Robert Axe and Mr. and Mrs. Richard Myers.

Mr. and Mrs. John Jacoby were chairmen of the host and hostess committee. They were assisted by Mr. and Mrs. J. E. Parker of Morral, Mr. and Mrs. Charles Kerrey, Mr. and Mrs. Francis Voll, Mr. and Mrs. John Waddell, Mr. and Mrs. Edwin B. Spohn and Mr. and Mrs. H. H. Snouffer.

Former Marionites' Daughter To Be Married

Mr. and Mrs. E. H. Long of Lima, former residents of Marion, are announcing the engagement and approaching marriage of their daughter, Marie Alma, to Nicholas Simica of Rankin, Pa. The wedding will take place Saturday, May 9, at 12 o'clock noon, in the First Baptist church at Lima with the bride-elect's grandfather, Rev. E. N. Long of Springfield, reading the ceremony.

Miss Long was graduated from Harding High school and Baptist Missionary Training School in Chicago. She is now girls' worker at the Baptist Christian Center in Rankin, Pa. Her fiance was graduated from the Rankin High school and is associated with the Carnegie Illinois Steel Corp. in Homestead, Pa.

COMPROMISE NEAR IN CEMETERY CASE

Tentative Basis for Proposed Agreement Approved.

A tentative basis for a proposed compromise between the trustee in bankruptcy for Forest Glen, Inc., and the Springfield and Columbus memorial park associations was announced yesterday at a meeting of the general creditors in common pleas court.

Paul D. Smith, trustee in bankruptcy, said this means details of the settlement may now be worked out between attorneys for the cemeteries and Springfield associations and himself.

The meeting of the creditors was called by Walter Jackson of Columbus, referee in bankruptcy, who presided over the proceedings.

Yesterday's compromise agreement came as a result of a proposed difference between the trustee in bankruptcy, who had received permission from the Forest Glen association of Marion to take over its assets, and the Springfield and Columbus associations, which refused to turn over their assets.

Mr. Smith said the compromise will eventually result in a clarification of the status of Forest Glen, Inc., creditors and, to an equitable distribution of the assets.

POOL OF SYNTHETIC RUBBER PLANS URGED

Petroleum Association Head Makes Proposal.

CLEVELAND, April 16—Oil refineries must pool their efforts to develop the most economical way of producing the petroleum derivative used in making synthetic rubber the president of the National Petroleum association declared today.

Producers ultimately will follow a standardized formula in making the enormous quantities of liquified gas needed to turn out the 700,000 tons of synthetic rubber a year asked by the government, W. N. Weber of Chicago predicted as he arrived here for the semi-annual meeting of the association he heads.

Each refinery now is producing limited amounts of the synthetic rubber base by its own methods, he said. Most of these processes are expensive.

Standard Oil Co. of New Jersey is expected to release soon its process for manufacturing synthetic rubber, and it is possible this may provide the key to cheaper output, Weber added. This company recently was criticized by the senate defense investigating committee for sharing the process with Germany.

Weber expressed the opinion undue importance was attached to the agreement between Standard Oil and a German chemical trust, asserting "anything is likely to look more attractive to us if the Germans have it." "Other synthetic rubber formulas have been used on a small scale, but successfully, for several years in this country," he continued.

During the senate investigation, assistant Attorney General Thurman Arnold declared Standard's process was cheaper and better than any the Nazis had.

SETTLEMENT APPROVED

A settlement with the Marion county treasurer for the funds for the first half of the 1941 tax year has been made and approved. It was announced today by Harry V. Mounts, Marion county auditor. He said distribution of funds to the various county subdivisions will be made soon.

Progressive Grange Purchases War Bond

A decision was made to purchase another war bond at a Progressive Grange No. 2445 meeting Tuesday night. It was decided to purchase a picture of Walter F. Kirk, past state master.

Roll call was "My Favorite Radio Program," followed by group singing of "It Pays To Advertise." A reading, "She Read the Ad and Got Her Man," was given by Miss Ruth Coffman. "Little Lazy Make-Believe," was sung by Marilyn Gorby. A play, "When a Friend Meets a Friend," was presented by Mrs. Howard Click and Mrs. Arthur Click.

Mr. and Mrs. Harlie Frey, Mr. and Mrs. Frank Fairchild and Mr. and Mrs. O. E. Barks will be in charge of refreshments and program at the next meeting April 28. At the next Pomona Grange meeting May 2 the home economics committee will be in charge of refreshments.

Water Service Extended by Council at Mt. Gilead

Special to The Star

MT. GILEAD, April 16—In a special meeting this week the Mt. Gilead council approved an ordinance extending the municipal water facilities in West Marion street to provide fire protection for the Hydraulic Press Mfg. Co. and for the other properties taken into the corporation two years ago.

The principal extension will be a main from Hickson street west to a point opposite the new Hydraulic plant. Eight new fire hydrants are to be installed along the line at 400-foot intervals.

Marion Minister's Son Now an Aviation Cadet

Richard W. Olewiler, 22, son of Rev. and Mrs. Howard L. Olewiler of 382 East Church street, this week received his appointment as a full-fledged aviation cadet at the naval air station in Jacksonville, Fla., according to a report from the public relations officer at the station.

As a second-class seaman, Olewiler recently completed his elimination flying course at the Naval Reserve Air Base in Miami, Fla. Now he advances to intensive flight training designed to turn out expert aviators.

In flying and ground school courses he will be prepared ultimately to take up active duty with a unit of the navy's air arm.

Olewiler is a graduate of Harding High school and attended Western Reserve university.

He was attempting to pass the truck, it was reported.

War Opens New Field for Plant Culture

By The Associated Press

CHICAGO, April 16 — The war has opened an opportunity for agriculture specialists to develop a new and profitable specialty—the cultivation of medicinal plants — Prof. E. H. Wirth of the University of Illinois college of pharmacy, said today.

Although prices have skyrocketed since the war blocked the nation's normal source of plant drugs produced by cheap European labor, Prof. Wirth cautioned that the growing of such specialties was no gold mine for the inexperienced.

"The cultivation of medicinal plants," he asserted in a prepared address to a meeting of Illinois druggists, "is a scientific agricultural project. Drug plants are subject to the same diseases and are affected by variations in soil and climate as are other crops."

County Farm Heads Speak to Grange

Mrs. Christine Sherer Cook, county home demonstration agent, and Arthur Smith, county farm agent, were guest speakers at a meeting of the Martel grange Tuesday night. Mrs. Cook gave a talk on the value of 4-H club work and the part clubs play in the victory and defense gardens. Mr. Smith discussed "Laws of State and Nature." Thomas Moon sang "The Plow, Spade and Hoe," which was pantomimed by Mr. and Mrs. Jay Hedding, Mrs. Moon and Ory Hedding. Mrs. Harold Burnside talked on the lecturers' short course held at Columbus recently. Films on electric kitchens were shown by James MacDonald. In charge of the social hour were Mrs. Joe Cox, Mrs. James MacDonald, Mrs. Kenneth Pangborn and Charles Kellogg.

JOBLESS IN MARION AREA PAID $39,083

Unemployment Total Reported for 3 Months.

Unemployed workers in the Marion area received $39,083 in unemployment compensation during the first three months of this year, according to a report issued by F. W. Bish, bureau of unemployment compensation representative.

The average weekly benefit payment for total unemployment in this area, which includes Marion, Crawford, Hardin and Wyandot counties, was $11.52. The number of new claims filed in the area was 112 and an average of 298 persons received benefits each week in March.

For the state, the average weekly benefit payment for total unemployment rose to a new high of $12.77.

The number of new claims filed in the state continued to drop as did the average number of persons receiving benefits each week. New claims filed in the state fell from 23,035 in February to 19,164 in March, a drop of 17 per cent.

The average number of persons receiving benefits each week dropped from 42,584 in February to 40,552 last month.

In 11 cities the average weekly benefit payment for total unemployment topped $13. Warren was high for the state with an average of $13.72 and Springfield second with an average of $13.65.

UNEMPLOYMENT BENEFIT PAYMENTS GAIN IN OHIO

Conversion of Industry to War Needs Cited as Cause.

By The Associated Press

COLUMBUS, O., April 16—Conversion of Ohio industry to war work sharply increased unemployment insurance payments to temporarily idle workers in the first three months this year, the bureau of unemployment compensation reported today.

Administrator Herschel C. Atkinson said January through March payments totaled $6,235,-305, or more than half the $12,-171,152 distributed in all of 1941.

The March total of $2,559,677 was nine per cent larger than in February and was the largest for a single month since July, 1940.

Although new claims dropped from 23,035 in February to 19,164 in March, the average payment increased from $12.67 to $12.77.

WOUNDED IN BATTLE

By The Associated Press

COSHOCTON, O., April 16—Wounded as he engaged policemen in a gun duel, a man booked as Tom Quinlan, 45, was in hospital custody today on charges of breaking and entering, auto theft and shooting to kill. Officers, who dubbed the prisoner a "phantom bandit," reported he emptied two pistols at them after being cornered near the city limits.

Downey Backs Bill To Seize All Private Cars

By The Associated Press

WASHINGTON, April 16—Senator Downey (D-Calif) today introduced a bill that would give the President power to seize any and all privately-owned automobiles.

At the same time, the California senator recommended that immediate steps be taken to "remove some 10,000,000 cars from the roads and place them in a vast pool to meet a serious transportation crisis we can expect within a year or so."

Downey said he was convinced that there "simply will not be any tires for the 30,000,000 civilian automobiles for four or five years even if we get all the synthetic rubber hoped for by Jesse Jones and others."

utmost to strengthen defenses against a possible British-United States invasion.

Authorities said there were at least 20 Nazi divisions—roughly 300,000 troops—massed in northern France, but declared the caliber of the troops was inferior.

Aerial Warfare—RAF bombers "heavily attacked" Germany's war foundries in the Ruhr again last night, and also attacked St. Nazaire, docks at Le Havre and airdromes in the Nazi-occupied low countries.

Continuing the round-the-clock offensive, RAF daylight raiders pounded the French "invasion coast" with a sweep over the Dunkerque area, scene of the British withdrawal from France in 1940.

The British said 1,000 tons of bombs were dropped on the reich last week and that equally heavy loads were falling this week.

German night raiders struck back with an attack on a British armament industrial center, identified as Sunderland, where at least 12 persons were killed and many wounded.

The Germans acknowledged "some deaths" and injuries from RAF bombs dropped over western Germany during the night.

Coffee for Koko

By The Associated Press

SALISBURY, N. C. — When Koko was a pup Mrs. Mary Snider began giving him a sip of coffee every morning. And, his mistress

says, the four-year-old cocker spaniel is as nervous as a kitten if he doesn't get his morning cup of java. She says Koko also looks forward to an occasional sip of wine—but gets that very rarely.

Delaware Ave. Auto Station Burglarized

Police reported that the Snider Service station at 587 Delaware avenue was entered Tuesday night or early Wednesday morning. A radio, valued at about $12, and a quantity of chewing gum were reported taken.

Bruce Snider, station manager, said he discovered the break-in when he opened the station yesterday morning. He reported a window at the south side of the station had been broken.

Everybody Busy

By The Associated Press

BERLIN, Md.—None of Worcester county's "chronic idlers" were found when the "go to work or go to jail" ultimatum expired. Most of them weren't found at all.

Sheriff J. William Hall said idlers were given the choice of a job or jail. When the deadline expired, he sought 132 he had listed as chronic idlers.

He said he didn't find an idle man anywhere—and couldn't find the majority of the 132 at all.

The natural principle of war is to do the most harm to our enemy, with the least harm to ourselves, and this, of course, is to be effected by stratagem.

and establishments in the Philippines.

At the same time, other United Nations' fliers persisted in their aerial offensive against Japanese-invaded islands above Australia.

Curtin Announces Results

Prime Minister John Curtin announced that a hit and a near miss were scored on an enemy ship and that wharves and buildings also were probably hit at Rabaul, New Britain, the center of apparent enemy invasion preparations against Australia, yesterday.

Three cabinet officers struck the note that the havoc dealt the Japanese in the Philippines, great as it was, counted even more as a promise for the future of a mighty counter-offensive borne on American wings. They were Army Minister Francis M. Forde, Air Minister Arthur S. Drakeford and Supply Minister John A. Beasley.

"In this magnificent exploit we see the tide of war turning against Japan. This attack is the first drive . . . in time it will be followed by vast air fleets," said Beasley.

Most of the passengers picked up in the Philippines were United States army and air corps officers. Among them were two newspapermen, Nat Floyd of the Manila Bulletin and New York Times, and Frank Hewlett, Pocatello, Idaho, of the United Press.

Word of Americans Brought by Fliers

By CLARK LEE
AP War Correspondent

U. S. ARMY HEADQUARTERS IN AUSTRALIA, April 16—Dean Schedler, Associated Press correspondent on Bataan peninsula, was alive and safe somewhere in the Philippines when last seen by United States officers who have just reached Australia by air.

They said he may already have landed somewhere in Australia.

Schedler, who was born in Stillwater, Okla., and Frank Hewlett of the United Press started out by different means.

Hewlett, whose home is in Pocatello, Idaho, was brought out with 24 army officers and others by the bomber force of Brig. Gen. Ralph Royce after a powerful attack upon Japanese bases early this week.

The most amazed persons at the airport when Brig. Gen. Ralph Royce's bombers landed somewhere in Australia were Lieut. Col. Chi Wang, Chinese liaison officer on Bataan, and Maj. Gen. Rush B. Lincoln, who met the party at the air field.

The Chinese officer for four years was a West Point roommate of the general's son, Rush B. Lincoln Jr., who is now a major in the United States army.

General Lincoln said "I didn't ever expect to see you here."

"I didn't know I was coming," the lieutenant colonel replied.

Chi's regiment fought the Japanese in Shanghai in 1937 and has recently been engaged on the Burma front. He was intending to return to China when the war started. He remained under Generalissimo Chiang Kai-shek's orders to act as liaison officer for General Douglas MacArthur.

Another newspaperman in the bomber party was Nat Floyd of Sherman, Tex., a representative of the Manila Bulletin and New York Times, who left Corregidor early in March.

Floyd had since been in the inner Philippine islands. He hitch-hiked from one island to another on the same torpedoboat which took high officials from the Manila bay fortress.

Schedler was the Associated Press representative on Bataan for about a month before the Japanese won the peninsula.

MODIFIED LABOR BILL OFFERED IN SENATE

Sen. Taft One of Backers of New Proposal.

By The Associated Press

WASHINGTON, April 16 — A Republican drive to break the congressional log jam on labor legislation started today with a move to obtain senate labor committee approval of a modified version of the Smith anti-strike bill passed several months ago by the house.

Pressed by Senators Taft (R-Ohio) and Ball (R-Minn.), the senate campaign coincided with prospective action by the house naval affairs committee on a measure by Rep. Vinson (D-Ga.) to establish a 48-hour week with regular pay in war industries, freeze the status of open and closed shops, limit union fees and curb war profits.

Taft and Ball told reporters that if they succeeded in obtaining committee approval of a "moderate" measure they have substituted for the more drastic Smith bill they would seek to bring it up in the senate on Monday, when that body argues a motion to consider a plant-seizure bill by Senator Connally (D-Tex.)

The two senators said their compromise measure calls for the freezing of war industry wages at present levels, subject to living cost adjustments, and wage levels on all government contractual work which would require approval by a commission, as well as any salary increases for company officers drawing $5,000 a year or more.

The compromise measure also would freeze open and closed shops and set up machinery for settling labor disputes, establishing the present war labor board as purely a mediation agency and creating a labor commission as the final board of arbitration.

Mrs. Roosevelt Would Like Job in Factory

By The Associated Press

BOSTON, April 16—If she were a few years younger, Mrs. Eleanor Roosevelt would like to take a job in a factory to aid the war effort.

She offered the comment after interviewers asked her what girls could do for their country.

"Well," said the President's wife, "I ought not to be telling young people what to do; I'm 57. But production is so important that if you have the strength and some skill, it seems to me that's as useful as anything you could do.

"If you have special training for something else, of course that's different. But if you haven't you can learn a skill for factory work.

"If I were young enough, I think I would go to work in a factory."

Mrs. Roosevelt was here to address the International Student Service.

President Reorganizes Civilian Defense Setup

By The Associated Press

WASHINGTON, April 16—President Roosevelt reorganized the office of civilian defense today, retaining James M. Landis as director, but creating a civilian defense board to advise and assist him.

The war and navy departments were given representation on this board and a presidential executive order said the director "shall" carry out functions of his office with the advice and assistance of the board.

Landis will be chairman of the civilian defense board. In addition to the secretaries of war and navy, the attorney general and Paul V. McNutt, the director of the office of defense health and welfare services, will serve on it.

STATEMENT ON SLOWDOWN

By The Associated Press

COLUMBUS, O., April 16—William Gibson, international representative of the CIO united auto workers, said today the navy had exonerated union leaders of charges by U. S. Senator Byrd (D-Va.) that they were responsible for a work slowdown in the Curtiss-Wright warplane plant here.

MAY CONTINUE PROJECT

By The Associated Press

COLUMBUS, O., April 16—Ohio's highway resurfacing and surface treating program may be permitted to go ahead this summer under a recent war production board order forbidding all non-defense construction costing more than $5,000, Highway Director Hal G. Sours said today. Sours conferred with federal officials in Washington earlier this week.

REPORT WAR CASUALTIES

WASHINGTON, April 16—The war department announced today the names of 50 officers and enlisted men who were killed in action or died of wounds in the Southwest Pacific area. Among those reported killed were Lieut. William H. Mauldin, [illegible] D. C., and Pvt. [illegible] Ogden, Utah.

AIMS TO MEET JAPS

When the Japs took Manila they imprisoned the mother and 23-year-old sister of Luther Rae Stevens, Jr. (above). His father a brigadier general is still fighting in the Philippines. Luther, an apprentice seaman, stationed at Corpus Christi, Tex., is anxious to square accounts with the Nipponese.

MacArthur Gives Japs Token of Trouble To Come

By DE WITT MacKENZIE
Wide World War Analyst

MacArthur's great aerial coup against the four Philippine bases was in a manner of speaking a token raid, for one of its chief purposes surely was to place the general's seal on his pledge to take the offensive against the enemy.

That purpose has been so brilliantly achieved that the resultant lift to allied morale rather pushes the material damage into the background. The thing which matters is that the commander-in-chief has spread his wings of victory and daringly spanned a 2,000-mile stretch of ocean to strike a mighty blow, thereby creating a record for such a major, long-range operation in the battle of the Pacific.

Uncle Sam's chin is a bit higher today.

MacArthur has demonstrated that America definitely is swinging into action after many disconcerting setbacks. He has given us an exhibition of the strategy upon which we are likely to depend, so as I believe, to crush the Japanese—war from the air with a vast navy of matchless Flying Fortresses and fighters.

The C-in-C has proved again that the Yankee airman is absolute tops as a fighter, and that American warplanes are worthy of these grand men. He has given on Nippon a preview of the day when the sun over pagan Tokyo will be obscured by an armada of American warplanes.

Our doctrine of equality and liberty and humanity comes from our belief in the brotherhood of man, through the fatherhood of God. —Calvin Coolidge

Indiana State Prison Warden Speaks at Traffic Club Dinner

Shelby Man Elected President of Central Ohio Group; Marion Session Attended by 150.

Pleading for a better understanding of the problems which confront the prisoner in our overcrowded penal institutions, Alfred F. Dowd, warden of the Indiana state prison, spoke before about 150 members and guests of the Central Ohio Traffic club last night at their quarterly dinner meeting and election of officers in the ballroom of Hotel Harding.

Following Warden Dowd's speech, new officers were announced and C. K. Smaltz, traffic manager for the Mansfield Tire & Rubber Co., presented the past president's medal to Clarence D. Smith, traveling freight agent for the Louisville & Nashville railroad.

Referring to what he termed "missionary work" among the lay members of the general public, Warden Dowd outlined the community problems which arise with the "convict" and which must be achieved through a new social attitude toward him.

History of Penology

He traced the history of penology from its archaic beginnings when the attitude of society was purely punitive in nature to the present-day attitude of correcting and rehabilitating the wrongdoer.

The speaker cited examples of modern attempts to adapt the prisoner to work which will be of service both to himself and to the social order as a whole.

He declared the attitude of the public toward the "parolee contributes to the "in-and-out again" cycle which many miscreants undergo. "Although prevention," he said, "is the first duty of society in the criminal problem, correction must be practiced, and that with logic and sympathetic reasoning."

Warden Dowd said the question, "How to save?" is the essence of the problem of penology, as it is the essence of Christian and democratic living. He urged that, like Solomon when he was perplexed, the public pray for understanding of the prison problem.

New Officers

The new officers elected by the club are as follows: E. L. Morgan Jr., traffic manager of the Ohio Seamless Tube Co. in Shelby, president; R. E. Cnell, traveling freight agent for the Central Railroad of New Jersey, in Cleveland, first vice president; Carl Brock, production manager for the Humphreys Manufacturing Co. in Mansfield, second vice president; John R. Burns, traveling freight agent for the Minneapolis & St. Louis railroad, in Cleveland, secretary-treasurer; C. D. Smith of Cleveland, traveling freight agent for the Louisville & Nashville railroad and Grover Curran of Toledo, traveling freight agent for the Norfolk & Western railroad, railroad representatives on the board of governors; Fred H. Mull, traffic manager for Farm Tools, Inc., in Mansfield, Ed. S. Martin, traffic manager for Sun Glow Industries in Mansfield and M. H. McCullough, traffic manager for the Hanley Milling Co. in Mansfield, industrial representatives, and Clayton Yerrick, general agent for Roadway Express, Inc., in Akron, other transportation representation.

Others On Program

Acting as toastmaster was J. P. Kelly, assistant to the vice president of the Chesapeake & Ohio railroad in Cleveland. The invocation was offered by Rev. Father William J. Spickerman. J. B. Ellis of Marion, freight agent for the New York Central system, was chairman of the committee in charge of arrangements.

The club gave honorary life memberships to Sam D. Ross, traffic manager of the Huber Manufacturing Co.; O. D. Mitchell, traffic manager for the F. A. Myers & Bros. Co. in Ashland, and H. E. Rodenfels, general agent for the Chesapeake & Ohio railroad in Columbus.

Among those present were the following who sat at the speakers' table: Elmer Hankey of Pittsburgh, assistant general freight agent for the Pennsylvania railroad; Mr. Smaltz; George Lamb of Cleveland, freight traffic manager for the Erie railroad; Russ Alger of Mansfield, traffic manager for the Ohio Brass Co.; Mr. Smith, Mr. Dowd, Emmett Morgan of Shelby, the club's newly elected president; Rev. Father Spickerman; Robert E. Cnell of Cleveland, new first vice president; R. L. Gallaher of Cincinnati, general freight agent for the Baltimore & Ohio railroad; "Packy" McFarland of Toledo, general traffic manager for the Owens-Illinois Glass Co., and H. E. Holverstatt of Toledo, president of the Toledo Transportation club.

F. M. Risley, general traffic manager of the Hunkin-Conkey Construction Co., was introduced to the club. Mr. Risley is in charge of routing all traffic for the U projects for which the company holds contracts.

Music was presented by Bob McMahon's orchestra throughout the dinner hour.

Marion, and the premises
must be inspected and approved by each of the members of the Board of Investigators, or his duly authorized representative, as complying with all the provisions of this ordinance and all other applicable ordinances of the City of Marion.

(c) Licenses issued under the terms of this ordinance convey no right in or to street and shall not be construed to do any plumbing work or to do any electrical work.

SECTION VI ZONING OF TRAILER AND TOURIST CAMPS.

(a) No trailer or tourist camp shall be located in any primary or secondary fire zone.

(b) The Planning Commission of the City of Marion, may, in conformance with the zoning laws, recommend, and the Board of Investigators may issue a license for the location of a trailer camp in any district in which licenses are herein prohibited, after a public hearing if, upon such hearing said Board finds that denial of such license will cause unnecessary hardship on the applicant and finds in addition that the owners of all property within 200 yards of the proposed camp will not suffer unnecessary hardship by reason of the operation of the camp at the proposed location. The Board shall file its findings and conclusions in writing with the Secretary of the Board and serve copies on all parties present or represented at the hearing.

(c) No trailer or tourist camp shall be located within the limits of the City of Marion, unless approved water and sewage disposal and fire protection facilities are available.

(d) No occupied trailer or camp cottage or cabin cottage or cabin or other building shall be located within the city limits of the City of Marion, within the recognized set back line for the zoning district in which such trailer or cabin is located nor less than ten feet from any other building or vehicle or the boundary line of the tract on which located.

SECTION VII CAMP PLAN

(a) Every trailer or tourist camp shall be located on a well-drained area, and the premises shall be properly graded so as to prevent the accumulation of storm or other waters.

(b) Units and cabin plots shall be clearly designated and the camp so arranged that all units and cabin plots shall face or abut on a driveway of not less than sixteen feet in width, giving easy access from all units to a public street. Such driveway shall be paved and maintained in good condition, having natural drainage into a city street catch basin, be well lighted at night, and shall not be obstructed.

(c) No camp cottage or cabin shall be less than 280 square feet nor not less than 14 feet wide at its narrowest point, and not less than 6 feet high from floor to ceiling and shall not have less than 27 square feet of ventilating openings, and all windows must be fully screened. If the floor be of wood, it shall be raised not less than 12 inches above the ground level.

(d) The camp shall be so laid out that no unit or cabin shall be located farther than 200 feet from the toilets and service buildings provided for herein, and walkways to such buildings shall be paved and well lighted at night.

(e) Every trailer unit shall be furnished with an electric service outlet. Such outlet shall be equipped with an externally operated switch or fuse of not less than 30 Amperes capacity, and a heavy duty outlet receptacle.

SECTION VIII WATER SUPPLY

(a) An adequate supply of pure water, furnished through a pipe distribution system connected directly with the city water main, with supply faucets located not more than 200 feet from any trailer or cabin shall be furnished for drinking and domestic purposes or a properly dug and inspected well may be used.

(b) No common drinking vessels shall be permitted, nor shall any drinking water faucets be placed in any toilet room or water closet compartment.

(c) An abundant supply of hot water shall be provided at all times for bathing, washing, and laundry facilities.

SECTION IX. SERVICE BUILDING AND ACCOMMODATIONS.

(a) Every trailer or tourist camp shall have erected thereon, at a distance not greater than 200 feet from any unit or cabin it is designed to serve, a suitable building for housing toilets, showers, and laundry facilities as required by this ordinance, such building to be known as the Service Building.

(b) There shall be provided separate toilet rooms for each sex. Flush or chemical toilet provided with an adequate water supply shall be enclosed in separate compartments having a minimum width of three feet, six inches and shall be provided, for each sex in the ratio of one toilet for each eight units or cabins or fraction thereof. Every male toilet room shall have one urinal for each sixteen units or cabins, but in no case shall any male toilet be without one urinal. Toilet rooms shall contain lavatories with hot and cold water in the ratio of one lavatory to every two or less water closets.

(c) Separate bathing facilities for each sex shall be provided with one shower enclosed in a compartment at least four feet square, for each eight units or cabins or fraction thereof. Each shower compartment shall be supplemented by an individual dressing compartment of at least twelve square feet.

(d) Laundry facilities shall be provided in the ratio of one double tray and one ironing board for each 10 units or cabins.

(e) The above accommodations shall be based on the total camp capacity according to accepted plans.

(f) Floors of toilets, showers, and laundry shall be of concrete, tile, or similar material impervious to water and easily cleaned and pitched to a floor drain.

SECTION X WASTE AND GARBAGE DISPOSAL.

(a) All waste from showers, toilets, laundries, faucets and lavatories shall be wasted into a sewer system extended from and connected with the city sewer system, or into properly constructed tile drains.

(b) In no case shall any waste water be thrown or discharged upon the surface of the ground or disposed of by means other than as herein provided.

(c) Every unit shall be provided with a substantial fly tight metal garbage depository from which the contents shall be removed by the city garbage collection service.

SECTION XI. LIMITATION ON LENGTH OF STAY AND ON NUMBER OF OCCUPANTS.

(a) It shall be unlawful for any person to remain or live in any trailer or tourist camp for more than ninety (90) days in each twelve month period, subject to the provisions of Section 4 of this ordinance, except that upon a showing and proof that one or more occupants of a trailer or cabin are engaged in vital national defense work and that there exists in the community a shortage of adequate housing facilities, additional stays of sixty (60) days may be granted by the Board of Investigators, such additional sixty (60) day period upon a further and similar showing; Provided, that this time limitation shall not apply to the licensee of a trailer or tourist camp or his bona fide employes so as to prevent their remaining on the camp premises at all times.

(b) No trailer or cabin may be inhabited by a greater number of occupants than that for which it was designed.

SECTION XII. MANAGEMENT.

(a) In every trailer or tourist camp there shall be an office building in which shall be located the office of the person in charge of said camp. A copy of the camp license and of this ordinance shall be posted therein and the camp register shall at all times be kept in said office.

(b) It is hereby made the duty of the attendant or person in charge, together with the licensee to:

1. Keep at all times a register of all guests (which shall be open at all times to inspection by police and Federal officers and officers of the City of Marion) showing for all guests:

a. Names and addresses.
b. Dates of entrance and departure.
c. License numbers of all trailers and towing or other automobiles.
d. States issuing such licenses.
e. Place of last location, and length of stay.

2. Maintain the camp in a clean, orderly and sanitary condition at all times.

3. See that the provisions of this ordinance are complied with and enforced and report promptly to the proper authorities any violations of this ordinance or any other violations of law which may come to his attention.

4. Report to the Director of Health all cases of persons or animals affected or suspected of being affected with any communicable disease.

5. Prevent the running loose of dogs, cats, or other animals or pets.

6. Maintain in convenient places, approved by the Fire Department, hand fire extinguishers in the ratio of one to each eight units or cabins.

7. Collect the service charge provided for in Section 13 of this ordinance, from the occupants of each unit in the camp and pay over the money so collected to the Treasurer of the City of Marion. A book shall be kept showing the names of the persons paying said service charges and the amount paid.

8. Prohibit the lighting of open fires on the premises.

9. Prohibit the use of any trailer or cabin by a greater number of occupants than that which it is designed to accommodate.

SECTION XIII. SERVICE AND INSPECTION CHARGES.

There is hereby imposed a service and inspection charge of five cents per day per unit on the occupant of occupants of each unit of trailer camps licensed hereunder. The licensee of the trailer camp shall collect this service charge for the City of Marion and pay it over to the City Treasurer in accordance with such reasonable regulations as the Treasurer may promulgate governing such payments.

SECTION XIV. APPLICABILITY OF PLUMBING, ELECTRICAL AND BUILDING ORDINANCES.

All plumbing, electrical, building and other work on or at any camp licensed under this ordinance shall be in accordance with the ordinances of the City of Marion regulating such work unless said ordinances are specifically made inapplicable under the terms of this ordinance.

SECTION XV. REVOCATION AND SUSPENSION.

(a) The Board of Investigators is hereby authorized to revoke any license issued pursuant to the terms of this ordinance if after due investigation they determine that the holder thereof has violated any of the provisions of this ordinance or that any trailer, trailer camp, or tourist camp is being maintained in an unsanitary or unsafe manner or is a nuisance.

SECTION XVI. HEARING ON GRANTING, DENIAL, RENEWAL OR REVOCATION OF LICENSE.

Any person aggrieved by an order of the Board of Investigators granting, denying, renewing, or revoking a license for a trailer camp or tourist camp, under this ordinance, may file a written request for a hearing before the Board within ten (10) days after issuance of such order. The Board shall give notice of a public hearing upon this request to be held in not less than five (5) days after service of the notice on the person requesting the hearing. The Board may also give notice of the hearing to other persons directly interested in the order in question. At such hearing, the Board shall determine whether the granting, denial, renewal, or revocation of the license was in accordance with the provisions of this ordinance and shall issue a written findings of fact, conclusions of law and an order to carry out its findings and conclusions. These findings of fact, conclusions of law, and order shall be filed with the Secretary of the Board and served by the Board upon all parties appearing or represented at said hearing.

SECTION XVII. COUNCIL REVIEW.

Any order either granting, denying, renewing, or revoking any license under the provisions of this ordinance may be appealed to the City Council in the same manner as appeals from any order under the building of zoning ordinances of the City of Marion. Appeals from such orders must be taken within 10 days after the order is issued. Upon any such appeal the findings of fact of the Board of Investigators, if supported by substantial evidence, shall be conclusive.

SECTION XVIII. PENALTIES FOR VIOLATION OF ORDINANCE.

Any person found guilty of violating any provision of this ordinance shall be deemed guilty of a misdemeanor and shall be fined not less than five dollars and not more than fifty dollars ($50.00) and every day such violation exists shall constitute a separate offense and be punishable as such hereunder.

SECTION XIX. SEPARABILITY AND CONFLICT.

(a) If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

(b) All ordinances or parts of ordinances inconsistent with or contrary hereto are hereby repealed, except, nothing in this ordinance shall be interpreted so as to conflict with the State Housing Laws, State legislation regulating trailers, trailer camps or tourist camps or any of the requirements of any ordinances of the city of Marion not mentioned or made inapplicable by the express terms of this ordinance.

SECTION XX. EFFECTIVE DATE.

This ordinance shall take effect from and after the earliest period allowed by law.

Robert H. Stief,
President of Council.

Passed: March 23, 1942.

RIGHT TO CLOSE HOSPITAL DENIED

Commissioners Informed They Have No Power To Act.

By The Associated Press

CANTON, O., April 16—County Prosecutor A. C. L. Barthelmeh has advised county commissioners the state health director's refusal to approve abandonment of Molly Stark sanatorium "puts an end to that idea."

The commissioners proposed to abandon the tuberculosis sanatorium and distribute patients among other hospitals. Dr. R. H. Markwith, state health director, told them state law provides such action should be taken by trustees of a sanatorium, that a county having a hospital lacks power to send patients elsewhere, and commissioners have no authority to discontinue a hospital once it has been built and operated.

In his letter to the commissioners, Prosecutor Barthelmeh said "the enormous protest against your action in this matter should guide you to an immediate abandonment of your plan." He also advised them to seek means of repairing the institution's facilities.

The commissioners criticized Dr. Markwith for not investigating before refusing permission to close the institution.

"They didn't request an investigation," said the state director, "they asked permission. There was no need for investigation by my office."

Federal Wheat Laws Challenged by Lemke

By The Associated Press

WASHINGTON, April 16 — William Lemke, Union party candidate for president in 1936, challenged the constitutionality of federal wheat laws, including penalties for excess production, in a complaint filed in district court.

Other plaintiffs included Kenneth Bender, Stark county, Ohio, penalized $1,300 under the statutes. Lemke, former Republican congressman from North Dakota, said Bender was a member of the Farmers' Protective association.

The complaint asserts the act covering penalties for excess wheat was unconstitutional because the law was passed eight months after the wheat had been planted and put a lien on all wheat raised in 1941 unless farmers paid the penalties.

OBJECTS TO DRAFT

Gregory Cabart, 28-year-old Lehigh university graduate of West Chesterfield, Mass., holding rifle, is determined to "shoot it out" if any attempt is made to seize him as a draft delinquent. He says he is not a conscientious objector, not seeking exemption, nor will he consent to be placed in Class 4-F. He is barricaded in his cabin and is waiting for the police to come and get him.

Forced Savings Plan Reported Abandoned

By The Associated Press

WASHINGTON, April 16 — "Forced" saving as a means of raising new revenue and helping combat inflation was reported today to have been discarded by the administration in the belief that voluntary purchases of war bonds would be adequate for the government's great borrowing program.

Well-informed sources said that President Roosevelt had sided with Secretary of the Treasury Morgenthau rather than with Leon Henderson, price administrator, and other officials who had advocated forced saving and an increase in the pending $7,000,000,000 tax program to discourage rising living costs.

Mansfield Dodger Gets 3 Year Term

By The Associated Press

CLEVELAND, April 16—Henry C. Parman, 25, of Mansfield, O., has been sentenced to three years in prison for failing to report to his draft board.

Parman was convicted by a federal court jury yesterday and Federal Judge Emerich B. Freed pronounced sentence.

Parman, the first violator to be given a jury trial here, claimed he was a conscientious objector.

Jerry Vrzak, 25, of Cleveland, was sentenced to three years after Judge Freed found him guilty of failing to report to a work camp for conscientious objectors.

Ohio Poor Relief Cost Drops Half Million

By The Associated Press

COLUMBUS, O., April 16—Poor relief cost Ohio a half million dollars less in March this year than in March, 1941, and $34,191 less than for February, Welfare Director Charles L. Sherwood reported today.

Last month's bill was $1,234,900 against $1,897,188 in the corresponding month a year ago. The total for the first three months of 1942 was $3,812,309 compared with $5,589,220 in the first quarter of 1941.

Sherwood authorized allocation of $617,440 as the state's share of the March bill.

what is America fighting for?

Freedom for the Future!

(One of the Essentials of a Democracy)

The Liberty Bell enshrined in Independence Hall symbolizes the first successful fight by Americans for the right to plan their own lives . . . the right to build their own future.

In America—and only in America—every citizen can set his own goal with the right to work toward it unhampered by any system of caste or class . . . serene in the knowledge that he and his loved ones can ultimately enjoy the peace and security his labors have won.

Freedom of the future—the right of every American to earn his living as he chooses—to gain and hold success through his own initiative, careful planning and hard work. To many people this goal is only a beautiful ideal. In America it is a practical reality worth fighting for, and, if need be, dying for.

TRAINMEN'S AUXILIARY MARKS 48TH ANNIVERSARY

Initiation, Dinner and Program Held by Marion Group

Initiation of a class of candidates in the afternoon and a dinner, program and social hour in the evening Tuesday marked the observance of the 48th anniversary of the organization of the Ladies' Auxiliary to the Brotherhood of Railroad Trainmen, Pride of 15, Lodge No. 79

Assisting in the initiation was Mrs. Sadie McKey of Toledo, secretary of the grand executive board. Mrs. Marie Wilson was the soloist for the work. Guests included Mrs. McKey, Mrs Harriet Stoner, Mrs. Gertrude Ferguson and Mrs. Rosella Oberlander of Carnation Lodge No. 187, Bucyrus, and Mrs. Edith Sheehe of Whitney Lodge No 846, Marion.

The lodge has one charter member living, Mrs Mamie Ziegler of Mansfield, who was unable to be present for the anniversary. A gift was presented to Mrs McKey who gave a short talk.

The members were joined by their families for the dinner and evening session. Covers were laid for 180. The officers' table was decorated with American Beauty roses which had been placed at the president's station during the afternoon meeting. They were presented to the lodge in memory of Mrs. Laura Bell, a charter member, by her daughters. Red and white carnations formed the centerpiece for the other tables Favors were small American flags The guests were welcomed by the president, Mrs Isabelle Moore and the response was made by E. H. Griffith president of Buckeye lodge Mrs McKey gave a talk and George Sheehe gave a toast. Entertainment included songs by Arloua Luellen, and dance numbers by Patty Burke and Joan Saull The program closed with group singing with Mrs Ethel Hanley presiding at the piano Dancing and cards followed the program.

NEVADA BENEFIT SET

Final plans have been made to present "Swing Out," a three-act comedy in Nevada High school auditorium at 8:15 p m. April 23 and 24, under the auspices of the American Legion auxiliary and directed by Miss Anna Marie Penna The play is for the benefit of the Blue Star Mothers of Nevada school district There will also be a 'kiddies' popularity contest' in connection with the play.

Hospitals Change As War Demands Doctors, Nurses

By The Associated Press

NEW HAVEN, Conn., April 16—(Wide World)—The war, which has made serious inroads on the supply of doctors and nurses is affecting hospitals in other ways too.

If you have been in a hospital before, and if you become a patient again this year or next you are likely to notice some changes.

In the first place, if you call an ambulance to take you to the hospital it may arrive in charge of a trained first aid attendant instead of a doctor.

You may not be allowed to have as many visitors as on your previous stay in the hospital, and those that come may not be able to stay as long

Instead of one nurse to do everything for you, 10 or a dozen attendants may be in your room during the course of a day

Probably you won't be allowed to have a special nurse unless your condition is acute and such service is absolutely necessary.

You likely will be asked to leave the hospital a day or so sooner than ordinarily would be the case and, lastly, if you're observant enough you'll notice some changes in the physical aspects of the hospital

James A. Hamilton, director of New Haven hospital who in September takes office as president of the American Hospital association, believes these changes are coming, indeed some of the changes have already begun.

But he emphasized that such changes amount to no alteration in the standards of hospital service, not by any means a reduction in the standards of hospital performance.

Provision should be made, he said, to the public and to the medical profession, unless it is an emergency necessarily "Sometimes" Hamilton remarked, "people get excited and call an ambulance when a taxi or a car would be a speedier and more comfortable way."

On an average day each hospital room in the country occupied two years ago. Today the figure is 76 per cent.

Hamilton said he also contemplates the long effect of materials shortages on hospital service.

"Blankets hard to get and paper towels won't be as white as they were, and will laundered

Employment Centers To Aid Registrants

COLUMBUS, O April 15—Managers of 68 employment centers of the U S employment service in Ohio were notified today to assist all draft registrants asking aid in filling out occupational questionnaires.

Wade Hammond, director of the employment service, said the questionnaires were in two identical parts, one for the employment service and the other for selective service officials

The folders started moving to local draft boards last week for distribution first to Feb 16 registrants Eventually all registrants, including those of next April 20-27, will receive questionnaires

FSA ACTIVITIES IN COUNTY REVIEWED

Total of 284 Families Given Federal Credit Help.

A total of 284 low-income farm families in Marion county has been helped by the farm security administration since the rural rehabilitation program was begun in 1934, Earle C. Sleeth Marion county supervisor of the FSA, reported Tuesday night at a meeting of the county advisory committee in the Y. M. C. A.

In the past six years, 190 farmers in Marion county have received standard loans, 27 of them have liquidated their obligations by increasing their income enough to repay the loan and have money to operate on, which is the goal of the FSA rural rehabilitation program, he said.

During the past six weeks, 34 loans have been processed to help farm families in this spring's operation so they can produce more of the foodstuffs needed in defense efforts.

Small farm owners and tenant farmers, farm laborers and youth clubs are borrowing money from the FSA and paying 5 per cent interest to buy livestock, seed, feed, fertilizer and other equipment, H. E. Slagle district supervisor of the FSA, who also attended the meeting reported.

Virtually all the money now being loaned to low income farmers by the FSA is borrowed from the Reconstruction Finance Corporation. In the past year in Marion county, the amount of loans made and the collections made on the outstanding loans is very nearly the same, Mr. Sleeth added that the FSA is not a relief agency but a lending agency, seeking to rehabilitate farmers and enable them to increase production, income and living standards.

I. O. O. F. EVENT SET

DOG AS SENTRY

U. S. army has asked for 200 well-trained dogs for sentry work at vital munitions plants and army depots. Dogs, such as this one seen with a soldier at a New England plant, are especially useful as sentries because they can detect the presence of intruders more quickly than human beings.

May 17 Event Set By Windfall Church Group

Plans were made for a special Mother's Day and Inasa Lace Bible school program to be held May 17 in the church parlors, at a meeting of the Woman's Missionary society of St. John's Lutheran church, Windfall, Sunday afternoon in the church parlors. An offering will be taken for the school and there will be a social hour and refreshments. The program will be at 2:30 p. m. Serving on the refreshment committee will be Mrs. Charles Wick, Mrs Walter Farley and Mrs George Cook. Mothers and daughters of the congregation are invited.

The meeting opened with Scripture by Mrs Henry Heimlich and prayer by Mrs William Kirkfield. Mrs Arthur Heimlich was the program leader and the study topic was presented by Miss Dorothy Cheney, Miss Ella Rengert, Mrs. Walter Farley and Mrs. Ed Heimlich. The magazine quiz was presented by Mrs. Jacob Gempf, Mrs Henry Heimlich and Mrs. Ed Heimlich. "Who Bruised the Serpent's Head," was presented by Misses Ella and Sarah Rengert, and Rev. Harry Eswine, pastor, gave a talk on foreign missionary work and the program leader gave a reading on the New Guinea commissary.

Church at Windfall Forms Mission Band

A junior mission band was organized when 25 children from St. John's Lutheran church of Windfall met Friday night with Mr and Mrs Wilbur Heimlich. Elected officers were: Eugene Heimlich, president, Richard Heimlich, vice president, Janet Cobourn, secretary, Ruth Redel, treasurer, and Ernest Heimlich, reporter.

Devotions were conducted by Mrs. Edward Heimlich, band leader, who was in charge of the meeting. After hearing of Bible verses, refreshments were served. Next meeting will be May 1 with Mr. and Mrs. Joe Miller.

The barometer and thermometer were developed during the 18th century.

Annual Girl Scout Cookie Sale Launched; Goal Is 4,000 Boxes

Money To Be Used for Little House Fund and Expansion of Camping Program.

A pep rally yesterday afternoon in the Legion Dugout launched the annual cookie sale sponsored by the Girl Scouts of the city in the interest of Girl Scout projects. Four thousand boxes is the goal for the 1942 sale set for April 15 to 19 and April 27 to May 2. Orders taken this week must go in the first thing Monday morning, Miss Edith Trent, Girl Scout director, said today. Money realized on the sale will go towards the proposed eventual ownership of a Little House and more camping experience for more girls. Deliveries will be made April 24 and 25 and May 8 and 9.

Same merchandise and the same price is the sales slogan, even though sugar is scarce and commodities are higher. Each girl will be credited with five cents on the sixth and each additional box she sells. The money earned may be used toward camp fees at either established camp or day camp.

The girls will wear their Girl Scout uniforms or pina when conducting their sales. In keeping with a ruling of the National Girl Scout office the girls will not solicit strangers nor make a house to house canvass. The sales will be made through their friends. In order to assist in every possible way persons who may wish to purchase the cookies and who are not contacted by a Girl Scout may order them at the Girl Scout office, phone 2508, between 9 a. m. and 5 p. m. through the week and from 9 a. m. until 12 noon on Saturdays. To avoid duplications and ringing the housewife to answer her doorbell a second time, cookie stickers will be given to purchaser. These may be placed in the window to designate a purchase.

Mrs. R. G. Donley is chairman of the cookie sale committee. Others on the committee are Mrs. J. E. Olinhant, Mrs. F. L. Thomas, Mrs. Ben T. Wiant, Mrs. William Arndt, Mrs. O. C. Alspach, Mrs. Ralph Bond, Mrs. Arden Millisor, Mrs. Francis Bryans, Mrs. Charles Way, Mrs. William England, Mrs. C. E. Gifford, Miss Mary Ann Houghton, Mrs. Ruth Wood, Mrs. Allen Middleton and Mrs. J. M. Creager.

CENTRAL JUNIOR HIGH PUPIL WINS CONTEST

Takes First Place in Seventh-Eighth Grade Spelling Event.

Daisy Clemmons, 13, pupil at Central Junior High school, won first honors in a spelling contest for seventh and eighth grade pupils of the three junior high schools in the city. The finals, in which six pupils competed, were held Tuesday in the office of Supt. E. E. Holt, with W. E. Orcutt, principal at Central, and Cecil Gabler, Vernon Heights principal, in charge.

Daisy, who is the daughter of Mr. and Mrs. W. M. Clemmons of 1614 North State street, will represent the city in a state contest to be held in Columbus Saturday, April 25. An eighth grade pupil, she is rated as an excellent student and is a member of the school paper staff. She is interested in music and on several occasions has entered amateur song contests.

Second honors went to Myra Peifer of Vernon Heights and third went to Clifford Bowman of Thomas A. Edison schol. Myra is a seventh grade student and Bowman is an eighth grade pupil. Contests were held in the three schools to determine the contestants for the city championship.

Union County Sugar Registration Time Set

Special to The Star

MARYSVILLE, April 16 — Union county schools will not take time out to register applicants for war ration books but teachers and helpers will remain at the schools from 4 to 9 p. m. on the registration dates, May 4 to 7, it was announced today by County Supt. Gale Baldwin.

The OPA has permitted the schools to make a choice of holding registration during the day or in the evening. In order that students might be released as early as possible in the spring to aid in farm work, the evening plan will be used in Union county, Supt. Baldwin stated. Plans have been made for students and teachers to aid in the registration.

Rebekahs Arrange Anniversary Event

Plans were made to join with the Odd Fellows in observance of the anniversary of the founding of Odd Fellowship Monday, April 27, at a meeting of Sosnowski Rebekah lodge No. 164, Tuesday night. A meeting of the degree staff for drill practice was set for 2 p. m. April 26. Announcement was made of the Rebekah assembly to be held early in May at Columbus, and plans were discussed for a mother-daughter banquet April 28, at 6:30 o'clock.

Circle Meets At S. High St. Home

Mrs. J. C. Turner of 206 South High street was hostess for a meeting of Circle No. 4 of the Ladies Aid society of the First Presbyterian church Tuesday afternoon. Mrs. M. A. Mickley was an associate hostess. Mrs. Lorra B. Ewing conducted the devotions and the annual reports were given by the officers. Mrs. Earl Smith announced plans for a rummage sale May 1 and 2. An article from the study book "Psalms," was read by Mrs. Henry S. Kraner. Tea was served during a social hour.

Russ Morgan Band Coming to Palace

Russ Morgan and his orchestra, one of the nation's top-flight radio and dance bands, has been booked for next Thursday at the Palace theater, Manager George E. Planck announced.

The screen feature for the one-day bill will be "Fly By Night," featuring Nancy Kelly and Richard Carlson.

SITUATION UNDER CONTROL UNDERGROUND IN ENGLAND

Tiny cardboards sticking up from a diagram representing an aircraft production factory deep underground "somewhere in England" tell these observers exactly where each unit of work is, how fast it progresses, and whether there's a "bottleneck" needing immediate attention. This control room keeps constant check on workshops farther below.

Jap Bombs Sink U. S. Ship Near Corregidor

By The Associated Press

Car Theft Traced to Upper Sandusky

Special to The Star

UPPER SANDUSKY, April 16—Police here have been notified that Kentucky state highway patrolmen have arrested two men, Junior Manning and Owen Schakti, addresses not given, and are holding a two-tone Buick sedan bearing Ohio license number 6387-T.

The Buick is one stolen from Edwin Miller of Detroit while it was parked on the streets of Toledo, and it is believed to be the car seen cruising about here Tuesday just before the black Ford Sedan, owned by Maurice Binau, and carrying the license plates now on the Buick, was stolen from in front of Mr. Binau's home.

Marengo, Johnsville Pupils Win Contest

Special to The Star

MT. GILEAD, April 16—Marengo and Johnsville pupils swept the annual Morrow county spelling contests, winning 21 out of the 26 places, according to report issued by F. E. Honnold, county superintendent. Marengo captured 12 places and Johnsville nine.

Doris Royston of Johnsville won first place in the grade contests and Eunice Van Sickle of Marengo won second place. The high school champion was Mary Strawn of Marengo who also defeated the grade champion in a final elimination.

Car Used in Galion Burglary Is Found

Special to The Star

GALION, April 16—Acting Police Chief James L. Walker reported Wednesday that 1936 Ford coach stolen from Arthur Manzer early Sunday was found abandoned at East St. Louis, Ill., Tuesday morning.

The car was taken from the garage at the rear of the Manzer dry cleaning store after 3:30 o'clock Sunday morning. The safe at the store was forced open and approximately $200 in cash and a small coin bank were reported missing.

ENGINE AND TWO CARS DERAILED

Freight Train in Mishap Near Union Station.

A Big Four freight train, westbound, crashed through a block about 12:30 this afternoon midway between the Union station and Leader street. The engine and two tank cars were derailed.

Officials said damage was slight and declined to state anything further regarding the accident. The crew operating the train was out of Cleveland.

An Erie work train was still working at 3 p. m. to get the engine and cars back on the track.

Half Pound a Week Is Sugar Allowance

BULLETIN

WASHINGTON, April 16—The government announced today that the nation's first sugar ration allowance would be half a pound a week per person. This quota will apply only to the first two weeks of rationing, which is scheduled to begin sometime during the week of May 4-7. All citizens must register and obtain books of ration stamps during this period.

HOUSE VOTES NAVY WOMEN'S AUXILIARY

WASHINGTON, April 16 — Legislation to create a women's auxiliary reserve in the navy to release thousands of men for sea-going service was passed today by the house on voice vote.

Under the terms of the bill, the petticoat branch of the navy would be open to any woman over the age of 20. The house previously passed a bill, now pending in the senate, to establish a woman's army auxiliary corps, and the naval measure also went to the senate.

Hundreds of British Planes Blast Nazis

BULLETIN

By The Associated Press

LONDON, April 16—The thunderous roar of hundreds of British fighter planes filled the English channel sky today in what coast watchers believed to be the RAF'S greatest daylight sweep of the war against German holdings in France.

An Illinois watch factory has installed a device that magnifies images of watch parts more than 100 times to enable workmen to detect and discard defective parts by comparing their images with standard drawings.

Ataturk's death, seems content to build and remain a nation rather than an empire.

High up on American lend-lease priority lists, Turkey has been building her 750,000 army into a modern machine with equipment coming from the United States and Britain.

Syria Well Satisfied

Syria, United Nations jumping off point to help an invaded Turkey or to invade an Axis-aligned Turkey, is happier under Free French and British military control than she was under the League of Nations French Mandate. The Jewish-Arab differences in the Holy Land have not been composed but merely put aside for the more urgent business of fighting the common enemy.

From Trans-Jordan gaily robed Bedouins keep the Allied peace through the deserts of Saudi Arabia under Major John Bagot Glubb, commander-in-chief of Emir Abdullah's forces.

From Bulgaria around the semicircle back to Libya and southeast through Persia to Afghanistan and India, the Middle East is tense. The Axis and United Nations armies and the conglomerate populations await the opening of the latest—but to weary Asia Minor just another—in the series of battles for the doorway to the East.

EPWORTH GROUP MEETS

Miss Margaret Topliff was hostess when Lambda Beta chapter of the W. S. C. S. of Epworth Methodist church entertained with a guest night party Monday evening at her home on West Columbia street. Miss Mary Catherine Miley was an assistant hostess. Mrs. Ralph Carhart conducted devotions. The guest speaker, Miss Eunice Stowell of Fayette, O., a returned missionary from French Equatorial Africa, was introduced by Miss Rita Van Meter.

The highest weather temperature ever recorded was 136 degrees Fahrenheit at Azizia, Libya, Sept. 13, 1922.

Class Party Planned by Caledonia Pupils

CALEDONIA — The seventh and eighth grades of the Caledonia school held a class meeting Monday. It was planned to have a potluck dinner, May 8 after school at the school, to be followed by a hike. The rest of the evening will be spent playing games. The food committee includes Charlie Persinger, Charles Coldren, Frank Stansberry, Carl Geyer, Dale Dunaway, Charles Richards and Paul Nagler. Game committee members are Norma Jean Redman, Mary Anne Osborn, Mary Lou Ross, Audrey Burgard, Katheryn Rarey and Patricia Pyrament.

The T. J. T. Girls of Caledonia had a theater party Monday. Those in the party were Joyce Jury, Josie Underwood, Miriam Alexander, Audrey Burgard, Helen Carter, Rosalie Leon, Jo Ann Clark, Maxine Pickett, Norma Jean Redman and Caryl Maynard. Guests were Mrs. William Clark and Robert Clark, Mr. and Mrs. Harry Underwood and Mrs. Mabel Jury.

moral consequences of having to deal with France as he deals with Poland or Norway.

The question then is why in this spring of 1942, Hitler has felt that it is necessary to take the risk of governing France through an agent who is so deeply disliked and distrusted by the French people. The answer is certainly that the spirit of French national resistance is rising, that Hitler is unable to quell it or to appease it through Marshal Petain's half-measures, and that he feels compelled to crush the French resistance by doing in France what he has done in the other occupied countries. The use of Laval is Hitler's recognition that France does not accept the New Order, of which incidentally nothing has been heard for quite a time. It is a recognition also that, even at the price of destroying all hope of inducing the French to collaborate, Hitler must urgently and immediately get a much firmer grip upon French territory and the French population.

The reason for that lies in General Marshall's presence in London and all that it signifies in regard to the grand strategy of the United Nations. Hitler knows, and the Marshall mission is intended to make him know, that Britain and the United States will not stand by while he attacks Russia and the Middle East. He is going to be made to fight in the west, at some point or at many points from Norway around France to Italy and the Balkans. In this vast theater of the European war, France is the strategical key, and the fact that the French people would welcome us as liberators makes it necessary for Hitler to try to crush their spirit of resistance before we arrive.

If Laval Succeeds

Laval can succeed only if, after shooting or imprisoning the hidden patriotic leaders of France, he is able to convince the rest of the French people that the Americans and the British are unable to attack. The French nation will not expect us to take foolish risks, to commit ourselves to enterprises before we can consummate them. But they will expect us to take what military men call considered risks, using the attack to harass the enemy and above all to demonstrate that the United Nations are in fact united, and know that the main theater of the world war is not in the outposts or even among the jewels of archaic empire, but at the center of Nazi power. For the French people understand war, and they know quite well, besides having a vital interest in it themselves, that the war will be won or lost in Europe where the Nazis are in direct contact with the Russians, the British and ourselves.

Hitler knows, as we know, that even the Pacific war cannot be decided frob Australia or in India, or in Libya or at Suez. It will be decide dwhere the three great powers of the United Nations are at their maximum combined strength against their most formidable enemy—that is to say in Europe. For unless and until the power of Hitler is broken, Britain, Russia and America can exert only a fraction of their strength against Japan. And if Hitler were victorious in Europe, it would never be possible to defeat Japan: with Russia and Britain conquered, we should be left to fight alone a last-ditch defense in a greater Bataan on the coasts of North America.

ROOKIES STAND OUT IN MAJOR LEAGUE RESULTS YESTERDA

Giants' Willard Marshall Belts 4-Run Homer; Browns' Stephens Gets 2-Run Circuit Blow.

By The Associated Press

The rookie who has made probably the flashiest debut in the major leagues this year is Willard Marshall, an unheralded outfielder of the New York Giants, whose story is one of baseball's strange interludes.

He bashed a terrific belt into the upper rightfield stands at the Polo Grounds for a home run with the bases loaded to beat the Brooklyn Dodgers 6-4 yesterday, and fans began wondering who he was and where he had been.

The big, rangy youngster has been in organized baseball only two years—both of them with the Atlanta Crackers of the Southern association. As a kid fresh out of Wake Forest college he was something of a sensation his first season, getting 11 home runs and batting .314 in 1940.

$50,000 Tag

Every major league club was interested in him and Earl Mann, the astute young president of the Crackers, placed a $50,000 price tag on his prize. Furthermore he wanted real money and not a collection of castoff players with mythical values and as a result the bidding suddenly ceased. Marshall stayed at Atlanta in 1941.

His second time around Marshall's batting average dropped to .276 even though he stepped up his home runs to 21. Atlanta put him on the market again last winter but this time there was no eager waiting list. Brooklyn turned him down for $20,000. The reason was that Marshall had become susceptible to the draft—turned 21 just three days before the registration in February.

Finally the Giants took him to camp on a basis of no down payment and $30,000 if they kept him. Mel Ott took a quick look at the recruit in Miami and made him a regular outfielder.

Newsom Loses

Another New York club collected a dividend on a big investment yesterday at Washington, where Joe DiMaggio led the Yankees to a 9-3 triumph over the Senators.

DiMaggio wangled a contract for $42,000 out of the world champions last month to become the highest salaried player in baseball. To show why he is worth it he hit is first home run of the year with two on in the fifth and added a double and a single to drive in a total of five runs. This assault spoiled the return of Washington's prodigal pitcher, Buck Newsom.

Another important home run was delivered by a rookie trying to make good—Sportsman Vernon (Junior) Stephens of the St. Louis Browns. He connected with two aboard in the ninth inning at Chicago to whip the White Sox 6-5.

Joe Dobson pitched the Boston Red Sox to a 3-1 victory with a six-hit job over the Philadelphia Athletics.

In the National league the St. Louis Cardinals turned the tables on the Chicago Cubs 5-3 as Harry Gumbert distinguished himself with a four-hit pitching performance. The Boston Braves punished the Philadelphia Phils 6-2 with Jim Tobin outdueling a steady eight-hit game and hitting a two-run homer.

TIGERS BEAT TRIBE 6-2 TO EVEN SERIES

Al Milnar Is Boudreau's Choice Today.

By The Associated Press

DETROIT, April 16 — The Cleveland Indians have exactly the same American league standing today as they had at the finish of last season—tied with Detroit for fourth place.

That the Tribe intended to advance today was evident when Manager Lou Boudreau named veteran Al Milnar to pitch the third and final game of the series here. Tommy Bridges, dean of Tiger hurlers, and rookie Hal White were picked to oppose him.

Boudreau used a rookie battery against the light-hitting Tigers yesterday and the Tribe is out on the short end of a 6 to 2 verdict, held even hits by right-hander Dizzy Trout.

Hurler Ray Poat, Lou's teammate at University of Illinois and fresh up from the Three-Eye league, was chased from the mound by a two-run uprising in the fourth inning of his first game in the major leagues. Poat yielded eight hits, and Detroit got three more off Tom Ferrick and Harry Eisenstat.

The Indians' offense was weak. Ken Keltner got Cleveland's first hit after two were out in the fourth. It became the first run after Jeff Heath walked and Lee Fleming singled to center on the first pitch.

The Redskins' other run came in the eighth when Fabian Gaffke, pinch-hitting for Ferrick, singled to center. Roy Weatherly grounded to short but Gaffke reached third on Otis Hockett's long single to center. It was the rookie outfielder's second hit of the day. Gaffke scored on Trout's wild pitch.

N. B. A. RATES CONN SECOND TO LOUIS

Bob Pastor Also Listed as "Logical Contender."

By The Associated Press

WASHINGTON, April 16—Billy Conn and Bob Pastor, the two fighters tentatively scheduled to tangle with Joe Louis before the coming summer ends, are listed as the "logical contenders" for the heavyweight championship in the National Boxing Association's new quarterly rankings.

Conn, who went 13 round with the Bomber last June and is scheduled for a re-match in June or July in New York this year, remained at the top of the list. Pastor moved into the select set although his victories over Turkey Thompson, Lem Franklin and Booker Beckwith.

Chief changes in other divisions found Jimmy Bivins, Cleveland negro who recently outpointed light-heavyweight boss Gus Lesnevich, moving into the challengers' set among the 175-pounders along with Billy Soose, Booker Beckwith and Ken Overlin; Tony Martin of Milwaukee joining Georgie Abrams as logical contenders for Tony Zale's middleweight crown; Charley Burley of Pittsburgh and California's Jackie Wilson ranked among leading welterweight challengers; Allie Stolz, Newark youngster who meets Sammy Angott for the light weight crown May 15, moving up to a contender's spot in that division, and Charley (Lulu) Costantino, New Yorker unbeaten in 55 professional starts, skyrocketing among the featherweight contenders.

MIDTOWN KEGLERS HIT 2,758 TO LEAD LOCAL TEAMS IN ABC

W. P. Applegett Rolls 582 To Top Individual Scores; Roll Again Today.

Midtown Chevrolet keglers rolled games of 870, 943 and 945 for a 2758 total to lead the Marion five-man team delegation in the American Bowling Congress last night in the state fairground coliseum at Columbus.

Art Winterstellar paced the leaders with a 580 count on games of 194, 184 and 202. Gene Gunder's 223 was the high single game mark.

W. P. "Hap" Applegett, bowling with the Paulson Grill team, put together games 180, 180 and 222 for a 582 tally to lead the 15 Marion bowlers participating. John Dugan carried away top single game honors with a 233 count. Dugan's high mark came in his final game on the 10:30 shift.

Maynard Snyder opened and closed with 183 games and fired a hot 208 count in his second game for a grand total of 572, to finish 25 pins ahead of his nearest competitor in the Buettin Sales team. Buettin's second game score of 973 was top five-man single game score.

Thomas Babcock built up a 174 single game average in blasting the maples for 522, top mark on the Pollak Steel team. As lead-off man with the Pollaks which bowled on No. 1 alley Buck Shirk was at the head of the parade of 180 bowlers streaming into the alleys at the start of the 10:30 shift.

George Sawyer bowled 547 to lead three-game scores of the Marion Auto Finance team which rolled on No. 4 drive. Robert Dean's 203 single game score was the only mark above 200 registered by Auto Finance.

Mac Metz paced the Marion Builders Supply Co team with a 517 series and a 202 single game. Emerson Schoenlaub, who finished fourth in the all events standings at the 1921 ABC in Buffalo, N. Y., failed to hit his normal stride until midway in his third game. He ended with a 481 series with a 193 as his best single game mark.

Thirty of the 35 Marion men rolling last night were scheduled to roll doubles and singles this afternoon.

3 Names in 3 Years for Sun Again

Wide World Feature Service

LOUISVILLE, Ky—Sun Again, Calumet Farms handsome chestnut candidate for the 1942 Kentucky Derby, is wearing his third name.

Shortly after he became a two-year-old, the compact, muscular colt was dubbed Two-Timer by Mrs. Warren Wright, wife of the Calumet master. This name was withdrawn later in favor of Bunpho which was offered by Warren Wright Jr., then a student of the University of Denver.

However, before the horse began his two-year-old racing career, which yielded victory in the Arlington Futurity, his name was changed to Sun Again, according to Dan Mahany, Calumet business manager.

Sun Again is a combination handle derived from the colt's sire, Sun Teddy, and his dam, Hug Again.

Mar-Kell, Calumet's filly contribution to the Derby entry list, was named by Mrs. Wright in honor of Mrs. Margaret Kelly, wife of Chicago's mayor. The Wrights are former Chicago residents.

Sun Again . . . three named.

Names of two-year-olds are registered with the Jockey Club before March 1. A name is good for a horse's lifetime and 10 years after death.

Also, names are limited to 14 letters, counting spaces and punctuation, except where the Jockey Club rescinds this rule in case of a special name such as borne by the late Tatterdemalion (15 letters).

CLEVELAND GETS ALL STAR SERVICE GAME

To Follow New York All Star Game.

By The Associated Press

NEW YORK, April 16—Members of baseball's advisory council went into another huddle today amid enough gold braid to indicate that a game between a major league all-star team and the best players of the nation's armed forces might be added to the summer diamond menu.

The game would be played July 7 in Cleveland's Municipal stadium, just 24 hours after the annual all-star game between the picked teams of the two major leagues in New York.

Both dates, as well as the sites, were selected yesterday when Commissioner Kenesaw M. Landis, President Will Harridge of the American league, and President Ford Frick of the National league, the council members, opened their two-day conference.

In addition, the council decided that both games should be played at night in order to get as large crowds as possible. Both will start at 9 p. m., Eastern War time.

Army and navy representatives were scheduled to sit in on today's discussion, indicating that the often-suggested contest involving a service team might be on the fire.

NEW SWIM COACH

BOWLING GREEN, O., April 16—Athletic Trainer Joe Glander today was appointed swimming coach at Bowling Green State University, where he also is wrestling coach.

BECOMES COACH AGAIN

WESTERVILLE, O., April 16—Prof. R. F. Martin today was back again at his old job as baseball coach of Otterbein college. He succeeds Sam Selby, who has entered the navy.

Great Cleveland Team To Roll Tonight

By The Associated Press

COLUMBUS, O., April 16—The Eddie Linsz Recreation team of Cleveland, whose 1034 league average is the highest of any Buckeye quintet, will roll tonight in the American Bowling Congress tournament.

Keglers failed to jar present top standings yesterday, although 40 men exceeded 600 in the singles, 11 pairs passed 1200 in the doubles and 20 teams shattered 2700.

The Linsz contingent includes Walter Ward, holder of the best 10-year average for ABC tournaments—203.50.

GYM MEET SET

CLEVELAND, April 16 — The National A.A.U. gym meet will be held at Western Reserve university May 9.

Tag Team Match To Featu Armory Mat Program Toni

Martino Angelo and Billy Venerable To Oppose Pacer and Leo Jensen.

In what promises to be one of the best wrestlings shows Promoter Les Fishbaugh has been able to sign in recent weeks, Martino Angelo and Billy Venerable will lock horns with Lefty Pacer and Leo Jensen in a tag team match on the Armory pad tonight.

Angelo, a Canadian-born grappler who has appeared here many times but not in recent months, is one of the best-known names in the grunt and groan league. Like many of his fellow workers, he never knows when to quit. He will weigh in at 185 pounds.

In Venerable, Angelo will find a rough ally and a man any fighter would rather have as a partner than as an opponent. Venerable, who weighs 189 pounds and is a better than average junior heavyweight, is a Texan. In his last fight here he decisioned the veteran Sailor Olsen, winning two falls in a semi-final battle.

Pacer and Jensen represent about the toughest customers Fishbaugh could have contracted to battle the Angelo-Venerable duo. Pacer, Marion fans recall, is the stalwart who has officiated a majority of the ring shows this winter. He is a Toledo-born youth and one of the few lake town boys to make good in wrestling. While a student in the Toledo schools Pacer excelled in football and baseball. He weighs 190.

Jensen is another schoolboy athlete and one of the best men in the Fishbaugh stable. He comes from New Orleans.

Joe Maish of Toronto, Ontario, Canada, and Tony Ross of El Paso, Texas, are slated to meet in the one-hour semi-final at 8:30.

Larry Snyder Heads List of Ohioans To Be Graduated from Naval Academy

Fritz Crisler, Trevor Rees and Eddie Blickle Are Only Other Ohio State Coaches To Complete Course.

By The Associated Press

ANNAPOLIS, Md.—Four former state university coaches and a Buckeye delegation will leave the U. S. Naval academy for active duty as directors of the navy's gigantic V-5 physical training program.

Two other coaches and one of the stars, they completed six weeks of a 30-day indoctrination course in navy life. Meanwhile the Ohio representation will commence the task of whipping approximately 30,000 midshipmen cadets into condition to withstand the rigors of advanced flying courses.

The Buckeyes' three-week course consisted mainly of 15-hour days. Only Saturday afternoon and Sunday liberties, the coaches participated in the navy's assortment of "rough and tumble" drills; spent many hours with heavy Springfield rifles on their shoulders, listened numerous lectures on naval customs and habits, and learned to distinguish a "focsle" from a bowsprit.

Leading the O.S.U. group—and one of the most enthusiastic over the V-5 setup—is Larry Snyder, conditioner of such track greats as Jesse Owens and Alex Sentman. The others are coach Paul Bixler, 1941 football aides, Fritz Crisler, Trev Rees and Eddie Blickle.

Other prominent Ohioans commissioned include Nevin Budd Cox, Bowling Green university swimming coach; R. W. Fisher, assistant grid coach at the University of Cincinnati; W. G. Houghton, Brown's successor at Massillon High; E. J. Adams, Akron, former Ohio State boxing champion; Art Kirkland, St. Clairsville, whose Shadyside High wrestling teams have won eight Buckeye scholastic titles, and L. W. Gift, Medina.

Another familiar ex-Ohioan is here as a representative of Connecticut. He's Jim Langhurst, former Buckeye backfield great, until commissioned, a football coach at Wesleyan college.

Present plans call for the Ohioans to report at the University of Iowa, the navy's midwestern pre-flight school, where Maj. Bernie Bierman, U.S.M.C., is athletic director.

24 TEAMS ENTERED IN NEWARK RELAYS

500 Scholastic Performers Are Expected.

By The Associated Press

NEWARK, O., April 16—Twenty-four schools, headed by Springfield's defending champion Wildcats, will compete Saturday in the third annual Newark High School Relays at White Field.

Unless Cleveland East Tech is a last-minute entry, the Cats from Clark county will be odds-on choices to repeat. Last year East Tech tied Cleveland Heights for the state championship, with Springfield in the next spot. Transportation problems may prevent entry of the Cleveland teams.

Columbus North, 1940 winner of the Newark event, was smothered 97¾ to 25¼ by Springfield last week.

More than 500 athletes are expected to compete Saturday, with junior high half-mile relay teams augmenting the 24 senior high squads. Director Clifford E. Orr said he expected several late entrants by Friday's deadline.

Already entered are Lorain, Columbus East, Columbus Central, Mechanicsburg, Canton McKinley, Chillicothe, Lima Central, McConnelsville, Akron North, Columbus South, Columbus North, Columbus West, Toledo Waite, Marietta, Toledo Devilbiss, Dayton Roosevelt, Springfield, Mansfield, Union-Furnace, Lancaster, Dover, Alliance, Circleville and Newark.

Springfield had a 10-point victory margin last year, scoring 56½ to second place Columbus Central's 46½. Preliminaries in Saturday's meet start at 10 a. m. with the finals at 2 p. m.

Shaughnessy Plans To Retain T-Formation

By The Associated Press

PALO ALTO, Calif.—Bound for his third job in two years, football Coach Clark Shaughnessy says he will keep on playing his famous T-formation "so long as I have the material for that type of game."

Shaughnessy becomes University of Maryland coach the end of this week. Enroute, he will stop in Chicago two days to visit friends.

He was coach at University of Chicago in 1939 when that school abandoned the game. He came to Stanford early in 1940, and used his T-formation to turn out a surprising Stanford team that won the coast conference and Rose Bowl championships that season.

COLUMBUS, O., April 16—Short items from the Ohio sports front—mostly of the "so what?" variety!

H. R. Townsend, state high school athletic commissioner, is waiting—and impatiently—for the financial and attendance report of the Dayton district cage tourney. All the others—more than 100 of 'em—are in, and the commissioner would like to close the books.

The commissioner, incidentally, took time off from his high school athletic chores yesterday to attend a sale of white-faced bulls at the state fairgrounds. He has a farm or two near Hamilton, to which he will retire when he gives up the commissionership in a year or two.

Up at Toledo they're trying to line up Bing Crosby and Bob Hope for an army-navy relief fund golf match to crack open the annual Inverness Four-Ball matches scheduled early in June. The field for the round-robin, with such stars as Ben Hogan, Jimmy Demaret, Chick Harbert, Byron Nelson, Sam Snead, Norton Smith, Henry Picard and Lawson Little, stacks up with the best the feature has ever offered.

There's a rumor floating around northeastern Ohio that Jim Robinson, Canton Lehman High school coach and proxy of the Ohio High School Coaches' association, may be added to Paul Brown's Ohio State grid staff next fall. And down around Huntington, W. Va., they are saying Johnny Brickles, former New Philadelphia mentor, may be the guy to get the Buck job left open when three of Brown's helpers joined the navy.

Kenny Strobel, Manchester High School pitcher, entered baseball's hall of fame this week when he hurled a no-hit game against Hillsboro's Indians. Only one thing was wrong—Strobel and his Manchester mates lost the game—2 to 0. Three errors, a hit batsman and a fielder's choice gave the Indians their two markers in the distastrous fifth.

Portsmouth High school has moved to cut athletic costs during the war. Football Coach Willard (Peg) Ellsaesser has been ordered to slash his varsity to 25, his reserve team to the same number, and to use only available equipment in outfitting freshmen. Jimmy Straushaugh, fleet-footed half-back for Ohio State during Francis Schmidt's regime, is in the army now. He was inducted this week at Fort Hayes. In 1935 he was the state's leading high school grid scorer with 25 touchdowns, 17 extra points and three field goals for a 176 total.

PIRATES DEFEAT CINCINNATI 6-2

Vander Meer or Thompson To Hurl Today.

By The Associated Press

CINCINNATI, April 16—Cincinnati's Reds are trying their darndest to get out of the rut that ruined their chances of winning last year's National league pennant—losing the first four games—but so far they're halfway into it.

Manager Bill McKechnie is calling on either Gene Thompson or Johnny Vander Meer to keep the Pittsburgh Pirates from taking three games in a row. Luke Hamlin is the Pirate pitcher today.

Yesterday's 6-2 defeat by the Pirates was additional evidence that the Reds still can't hit when it counts. They left nine men on the bases for the second day in a row.

Max Butcher gave them seven walks in the opener and Lloyd Dietz seven more in the second game, enough to lose three or four contests, but the Reds couldn't hit in the right spots.

The Pirates had Elmer Riddle, the National league's best 1941 hurler, ducking in a hurry. He let in five runs before they were could stop it in the first.

FOUR NEW MANAGERS START A. A. SEASON

Columbus Red Birds To Play Indianapolis Today.

By The Associated Press

Only two days after the start of major league baseball play, the opening games were tied today in the American association.

A veteran eight AA circuit which weathered one world war and planned to carry on in a second one in accordance with President Roosevelt's "go ahead" letter to Baseball Commissioner K. M. Landis, the association in its 41st year consists of the same eight teams which have been members for four decades.

Columbus, winner of the association race, the playoff title and the little world series last year, started this year's campaign at Indianapolis. Both teams had new managers, Eddie Dyer replacing Burt Shotton at Columbus, and Gabby Hartnett, former Chicago Cubs catcher and manager, succeeding Wade Killifer at Indianapolis.

Toledo was scheduled at Louisville, St. Paul at Milwaukee and Minneapolis at Kansas City in the other openers today.

The Kansas City Blues have a new manager, Johnny Neun, who took over the post held last year by Bill Meyer, and St. Paul is the fourth club to operate a new boss, Harry (Truck) Hannah, who succeeded Ralph (Red) Kress.

DODGER PARK READY FOR AIR RAIDS

If enemy planes stage an air raid over the New York area during baseball games, ball fans attending major league games in Yankee Stadium, the Polo Grounds or Ebbets Field will know what to do and where to go. Ball club officials have posted signs telling patrons where to go during an air raid. Water barrels painted red, sand bins and fire extinguishers are everywhere in evidence, too, just in case.

Team No. 3 increased its lead over team No. 6 by two games in the Marion Steam Shovel Co. league Tuesday night in the Marion Steam Shovel Co. league at the Palace Recreation center. E. Moore copped single game honors with a 219 count and Paul Boyd's 585 was high in three-game returns.

Snatches of Sports

By HUGH FULLERTON, JR., Wide World Sports Columnist

NEW YORK, April 16—The way Larry MacPhail figures it, the Giants' and Dodgers' contributions to army and navy relief may amount to as much as one-third of the whole season's profits. . . . They're each giving the entire "take" of a game against the other, which ordinarily would be $20,000 to $25,000, and Larry figures a club that clears more than $75,000 above all expenses is rolling in dough. . . . Eddie Ainsmit, who used to catch Walter Johnson, has been appointed athletic director at the Republic Aviation plant at Farmingdale, N. Y., and Tex Carleton, the old National league pitcher, will handle a similar job at the new Consolidated Bomber plant at Fort Worth.

Sportspourri—Superstitious Jack Meagher, Auburn football coach, won't let any of his boys wear jersey 13 since one of them broke a leg while wearing that number some years ago—and Jimmit Hitchcock, his assistant and head baseball coach, uses 13 every chance he gets. . . . Welterweight Champ Red Cochrane has written the lyrics for a song, "Hail to the Navy," composed by a shipmate, Art Small. . . . Folks who saw him play in the Northern league say Jim Castiglia, the A's new catcher, can't hit a high inside pitch and they expect major league pitchers to find it out soon enough.

GIRDLES AND NOW GARTERS

By The Associated Press

EAST LANSING, Mich.—Trainer Jack Heppinstall must seek another source of garter supply for Michigan State baseballers' stockings. Formerly, he purchased worn out inner tubes and sliced off garters by the gross, but folks are keeping their old tubes these days.

GALION SCHEDULES 16 CAGE CONTESTS

To Play Marion Harding on May 4.

Special to The Star

GALION, April 16 — Galion High school will open its first baseball season since 1938 when the team meets Mt. Vernon on Saturday, April 25 at Mt. Vernon. Coach James Lemper announced recently that 16 games have been scheduled and practice will begin next week.

Coach Lemper, a former Illinois baseball star, has had an unusual record with high school baseball teams. When he coached at Versailles his team was three times district champions and were county and league champs for five years.

The baseball schedule as announced is as follows:

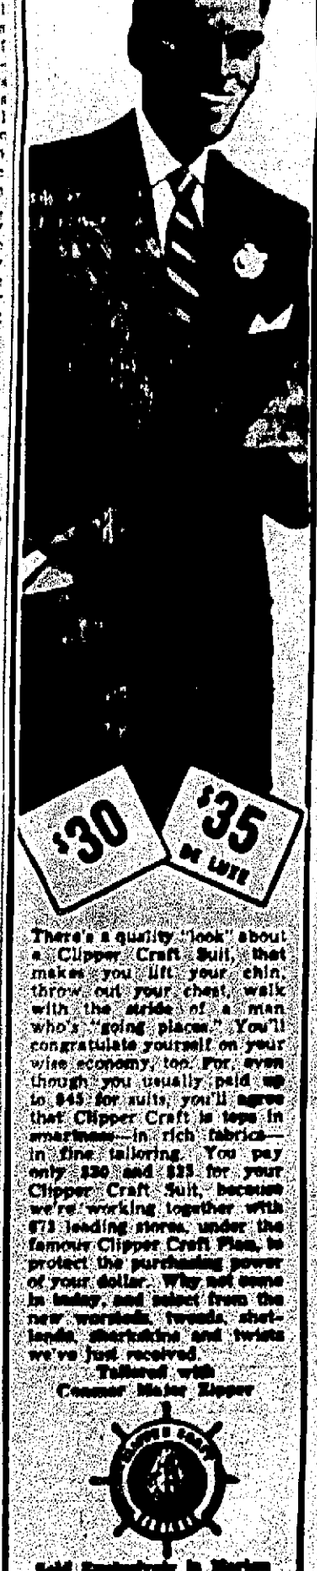
April 25—At Mt. Vernon.
April 28—Iberia.
April 29—At Bucyrus.
April 30—At Upper Sandusky.
May 1—Wooster.
May 2—At Ashland.
May 4—At Marion.
May 8—Willard.
May 9—Mt. Vernon.
May 11—Upper Sandusky.
May 12—At Wooster.
May 14—Marion.
May 18—Bucyrus.
May 21—At Willard.
May 22—Ashland.

NEW OREGON COACH

By The Associated Press

EUGENE, Ore.—Assistant Coach Vaughn Corley has been named to succeed Tex Oliver as head football coach of the University of Oregon. Oliver becomes a naval lieutenant commander next week.

YOUR SELF-ESTEEM Grows if you wear a CLIPPER CRAFT SPRING SUIT



There's a quality "look" about a Clipper Craft Suit, that makes you lift your chin, throw out your chest, walk with the stride of a man who's "going places." You'll congratulate yourself on your wise economy, too. For, even though you usually paid up to $45 for suits, you'll agree that Clipper Craft is tops in smartness—in rich fabrics—in fine tailoring. You pay only $30 and $35 for your Clipper Craft Suit, because we're working together with 873 leading stores, under the famous Clipper Craft Plan, to protect the purchasing power of your dollar. Why not come in today, and select from the new worsteds, tweeds, shetlands, shantukins and twists we've just received.

Intestinal Worms

ACCORDING to [illegible] is still a [illegible] intestinal [illegible] worms [illegible] are usually [illegible], though they [illegible] parents who [illegible] Or they [illegible] finds [illegible] tapeworm.

There are three [illegible] intestinal worms, [illegible] North America. One is the tapeworm which [illegible] adults and the other two are pinworms and [illegible] occur almost entirely in children.

Each of them has a somewhat different life history, but they all get into the body from unclean food. The ordinary tapeworm deposits its eggs in the muscles of pigs and cattle and therefore is found in pork and beef and unless these are entirely cooked and their eggs destroyed, they may thus reach the human intestine and develop into an adult tapeworm. It has been figured that exposure to about 50 degrees of heat for a period of four to five hours is sufficient to destroy the eggs in the meat, so that ordinary cooking should do this.

Somehow or other in a number of cases this is not done and an egg lodges in the intestine and begins to grow into an adult tapeworm. It buries its head in a fold of the intestine rather high up and as the worm grows, it may attain a length of ten to thirty yards. Eventually it appears in the stool and nearly causes the possessor to death. The old superstition to the effect that a tapeworm makes people thin and that it absorbs food has no foundation. Even a thirty-six yard worm does not represent more than a good, solid meal.

The treatment of tapeworm is one of the easiest things in medicine. There are any number of drugs which will kill the worm such as male fern, peleterine and pumpkin seed. The great difficulty of course is to kill the head and for this reason careful preparation is necessary to prepare the intestine by giving a saline cathartic in order to cleanse the intestine completely.

Roundworms and pinworms are childhood diseases. Pinworms may give a great deal of trouble. They are very small and the eggs are found on the surface of fruit. The way to prevent them therefore is to wash all fruit carefully before giving it to children. The worse trouble is that they infect the lower bowel, crawl out of the anus and attach themselves to the child's skin, causing intense itching, discomfort and, with scratching, infection.

Treatment should be directed not only at removal of worms from the bowel, but also from the skin, the bed clothes and the underwear where they may frequently be found. The bed clothes and underwear should be changed quite frequently and boiled to prevent re-infection from these sources.

The best drug to use in treatment of roundworms is chenopodium. It may be given either by mouth or in the form of an enema.

Pitfalls of Love

By ADELE GARRISON

As Charles Tells Madge He Knows Jack Bickett Well, Sounds of Revolver Shots Reach Their Hiding Place.

"THANK YOU," the man called Charles said but while his face was as controlled as his stubborn lips could manage, I saw that his fingertips fairly dug into the sheet of paper Professor Dis-dell had just handed me.

But he did not get the paper a careful detailed study, as the old professor had done. He ran over it quickly, then handed it back to the older man. And while I could tell nothing from his facial expression I sensed something like relief in his reaction.

"Can you make anything of it, Charles?" Professor Dewell asked.

Charles Knows Bickett

"Not I," Charles replied quickly. "I never got farther than what you might call the A B C's of cuneiform writing. But I'm sure it's Jacks' fist, all right."

"You know Jack, then?" I interposed breathlessly.

"Yes, I know him." Charles answered. "Or did know him," he amended quickly. "I haven't seen him or heard from him for about four months, not since we left Rio de Janeiro. We traveled that far together, but we came to the States on different ships."

"You mean that Jack is here in the United States now?" I queried trying to keep excitement out of my voice, but failing miserably.

"I do not know," he said. "I know that he told me he was coming here on a ship which was to sail the next day after mine.

"Not that it makes any material difference to me," he went on, after a slight pause, "but naturally, I am worried about him. We were never close friends, but for a time we were co-workers, and there is always a bond between wilderness workers."

"And now that you have explained all that," Professor Dewell broke in icily, "suppose you answer my question about going back to the house."

Charles looked at him thoughtfully for a second before answering, as if he were weighing the pros and cons of the question.

Advises Seeing a Doctor

"I do not think it would be wise for you to go back there now," he said at last. "The place will be safe enough under guard, and you have everything you need with you. There will be any number of physicians within call as soon as you reach New York, and I now strongly advise that you see one."

"I can tell better about that when I get there," the old man interposed obstinately. "I may be all right."

"Yes, you may," Charles assented, "but it wouldn't be a bad idea to check up on it. Then too, if you are anxious about Jack, I should think you would wish to talk to the father of Mrs Gilham." He hesitated, then put a question, turning to me. "I believe that is the name?"

"Yes, that is my name," I told him, and wondered if my imagination were responsible for the impression that there was a momentary glint of amusement in the eyes of the old professor.

"There is a serious question involved in the turning up of this paper," Charles went on. "I know that Jack guarded every sheet of this cryptogram writing as if his life depended upon their safety. He never left them out of his keeping, and had a hiding place for them when he had to leave the camp which he never revealed even to me or to anyone else. And he was not careless. If this one has turned up in this way I am afraid it may mean—"

He did not finish the sentence. From the woods behind us came distinctly the sound of shots from revolvers that were not equipped with silencers.

The Stars Say—

For Friday, April 17

FAIRLY fortunate and favorable auguries are noted in this day's astral configuration. There may be definite openings for success and fulfillments in many directions, with the benefit of cooperation from influential persons. And while this may give assurance to the credits or financial standing and promote the personal, social or public prestige and popularity, yet there are loopholes for illicit schemes, traps or pitfalls arising from some designing or intriguing sources. With prudence, thrift and integrity all should flourish.

Those whose birthday it is may look for a moderately progressive and prosperous year, with opportunity for gratifying growth and expansion although to no sensational degree. Influential persons and friends assist to a security of the credit, business as well as social standing and prestige, although there are confusing, peculiar or sinister angles and intrigues to manipulate with prudence, integrity and sound judgment rather than hunches or gullibility. Be alert to impostors or tricksters.

A child born on this day should be clever, shrewd, ambitious although susceptible to imposition, intrigue or other deep currents of treachery.

Midget Reduces

By The Associated Press

TRYON, N. C. — The "Tryon Daily Bulletin," said by its publisher to be the smallest daily newspaper in the world, is to be even smaller. The war-time scarcity of paper has caused it to reduce its size from sheets 8½ by 11 inches to 8½ by 10 inches.
